Consultations - in person, over the phone, or with SKYPE. Please check my website for payment terms for consultations & classes.

Toe Reading

Are You Walking Your Destined Path?

Toe Reading is based on the theory that our bodies holographically record the story of your life. This story is expressed in your feet and toes and can be "read" to reveal your history. The Toes are Windows to the Soul!

During a Toe Reading session, you will receive a reading of both your left and right toes. Included in this reading are insights surrounding your spiritual and life path. We will explore your relationships with others, with abundance, and your expressions of communion and action.

Soul Coaching® Oracle Card Reader

Each individual reading is unique, utilizing the energy received by the reader from the client. Working with a reader is different than just working with the cards, yourself, as they offer you different ways to view the messages as it relates to your life.

The LifeLine Technique®

Developed by Dr. Darren Weissman, The LifeLine Technique® is an advanced healing system that discovers, interprets, and releases the root cause of physical and emotional symptoms and stress - emotions buried deep within the subconscious mind.

Any pain, fear, challenge, or symptom, is a "gift in strange wrapping paper." It is driven by the subconscious mind: the storehouse of every memory and emotion you've ever experienced.

By bridging the gap between subconscious and conscious we access the unprocessed emotions and harmonize the root cause of your symptom.

All work is done with "Infinite Love and Gratitude," as we are always grateful for every symptom. By living with symptoms we find our strength, and by moving through them, we discover our truth.

Imagine yourself healed...

Soul Coaching®

Change Your Life - Live Your Truth

Soul Coaching®, founded by Denise Linn, is a process to release what is keeping you from living the life of your dreams!

The aim of Soul Coaching® is to align your inner spiritual life with your outer life. It's a system that helps clear away mental, emotional and physical clutter so you can hear the messages from within. It also helps you discover your purpose so you can design a life that supports that mission.

The Soul Journey

One of the most powerful aspects of Soul Coaching® is the Soul Journey. This type of guided meditation and relaxation allows you to sink deep beneath the everyday life and into a realm of inner truth and knowing. You will be gently guided from a safe and nurtured space to meet your soul messenger who will help you to uncover your truth and inner wisdom.

The Soul Coaching® Program

The 28 Day Soul Coaching® Program is a spiritual journey that is divided into four one week periods. Each week is dedicated to one of the four elements: Air, Water, Fire, and Earth. Denise believes that our memories, beliefs, and emotions are tied in some mysterious and organic way to the elements of nature.

Past Life Coaching

Often we have blocks that we cannot move forward from. It can impact our current relationships and belief systems. By correcting the mistakes of the past you can change the impact of your current life.

ThetaHealing®

ThetaHealing® was founded by Vianna Stibal in 1995, when she was told that she had bone cancer and there was no cure for the type of cancer she had. Vianna went up to the Creator and asked for help because she believed she could be cured. The Creator instantly healed Vianna and told her to go out and teach the world.

ThetaHealing® is a meditation process that creates physical, psychological, and spiritual healing with focused prayer through the Creator of All That Is.

Sessions are co-created with Divine Source/Creator and instant healing can take place. Limited beliefs can be transformed on every level; core, genetic, soul, and history levels. Healing can take place with DNA activations, transforming negative thought forms, changing limited beliefs, healing past lives, genetic healing, physical healing, emotional healing, feeling work, and much more. Teaching a person to live without fear on a daily basis can be life changing if the person has never lived without fear and doesn't know how to. Also, experiencing unconditional love or joy for the first time can be life changing!

You can heal resentments, regrets, rejection, grudges, guilt, sadness, a broken heart, physical issues, spiritual issues, and emotional issues. Miraculous healing and miracles can take place from this Theta state and the connection to the Creator.

Connecting with the Creator of All That Is on a daily basis...helps us to live our lives with "grace and ease". And so it is.
