

# Walking and Bike Path Design, Construction and Upkeep

The Quitman-lake Fork Kiwanis Club is currently developing a Walking and Bicycle Trail that will connect Jim Hogg Park, the Hospital, City Pool, Quitman High School, and Quitman Elementary. It will be approximately 2 miles long and 25 feet wide and include wooded, scenic areas and road right of ways.

Donations of land, construction materials, labor and cash are accepted for this project and are tax deductible. The Quitman Lake Country Charitable Foundation must approve all non-cash donations. Cash donations can be made online at the website and include "Walking and Bike Path" in the "add a note" section of the paypal donation page.
