Emergency Contact (Name and Telephone Number)

I agree that Stars School of Performing Arts Teachers can administer First Aid if required. Please be aware that dance does have an element of risk and at times the Teacher may need to use physical intervention in respect of good teaching. It must be understood by all parents/guardians of students that this is deemed necessary in the safe and effective teaching of dance technique. The principal monitors the level of physical correction on a regular basis. If a parent/guardian is unhappy with this teaching technique, their concerns must be raised with the principal immediately. The principal will make a record of the concerns and will ensure that appropriate action is taken where necessary.
