THE BRIGHT SPOT: Aflower does not think of competing with the flower next to it, it just blooms.

STUDENT OF THE WEEK:

JORDAN MCCLURE (GRADE2)

What kind of music do you like to listen to? Music by **Eminem** My favorite smell is: Chocolate

Where do you like to shop? The mall

Three words that describe me are: I look good!

Jordan McClure is Hudson's Bucket Filler of the Week! Jordan is a friendly, helpful and reliable young man here at Hudson who is really growing into a wonderful person. Always ready to lend a helpful hand to both young and old, Jordan is kind hearted and has been working extremely hard on accomplishing goals as well as his school work! Great job and keep up the hard work, Jordan! Miss Ettlin

BELLS & WHISTLES: To Mrs. Wisely for getting our school website and Facebook page up! - Mrs. Warmbrodt

Preschool: We survived the full moon on Friday the 13th! We enjoyed the 2nd and 3rd grade on Friday...they came to read to us. Check out the new school Facebook page and website to see those photos! Last week we talked about the letter

"B". We practiced writing the letter...several of us were very successful. We were finally able to paint this past week! We had a former student donate some shirts that she had outgrown so we didn't ruin our good clothes. We painted with the colors blue, red, green and white. We learned that if we mixed red and blue we made purple and if we mixed all the colors we made brown! This week we continue to work with "a" and "b". We will also work with sorting and matching upper case and lower case letters. Next Thursday, the 26th, we will have our first performance of the year. We will sing at 7:15 in the gym. There will be a book fair going on and a PTO meeting at 6:30. Please have your student in the cafeteria at 7 p.m. I will meet them there to head to the gym for our performance. Please look at your calendar for October. I'm planning a trip to Fun Time Farms in October. I would like to have as many parents attend as is possible. So let me know ASAP, if there is a date that does not work for you. I would like to go on a Friday, but it really doesn't matter. We will have to be back by 12, so I can teach my afternoon classes. Have a great week!

-Miss Stacie

Kind/1st: I hope everyone enjoyed Grandparent's Day on Friday! It was great to see everyone's grandparents. This week we are working on the letter Mm and the sight word "and" in Kindergarten. In First Grade we are working on reviewing sight words from last year and counting pennies. In writing, we are all working on our book!! Have a great week! -Mrs. Schenker

"Education is the key to unlocking the world, a passport to freedom." - Oprah Winfrey.

2nd/3rd: 1) We have a spelling quiz on Friday and we have a test in history Tuesday! 2) We'll be working on animals this week in science. In history we'll be working on our communities, so we'll be making a book on our local community. Our "in class" project on that will be due on Friday. In Math we're working on subtraction facts. Study hard! 3) We're collecting pop tabs. Don't forget our performance on the 26th! Hope to see you there! -Miss Ettlin

4th/5th: 4th and 5th graders will continue working on Granny Smith Essays this week. Both grades have also started weekly multiplication tests on Fridays to review facts. This Friday, students will be tested over 0's-3's. Next week 4's will be added and so on until we work our way up to 12's. Students need to be reviewing these facts each night until they are memorized and they have lists to take home for studying. In Science, 4th graders will be reading about animal adaptations and 5th grade will have a test over Ch. 1 "Classifying Organisms" on Friday. In Social Studies, 4th graders will be getting ready to test next week over Ch. 8 "The Interior Plains" and 5th graders will have a test next Tuesday over Ch. 1 L. 1 & 2. Have a great week and keep reading! **-Ms. Mott**

6th/7th/8th: In social studies 6th grade is talking about specific native American groups of different cultural regions in the Americas. Seventh grade is learning about ancient civilizations of the Nile River Valley. Eighth grade is moving on to study the various regions that became known as the 13 colonies. We will begin work on the Patriot's Pen Essays very soon to have them ready for Veteran's Day. This is a yearly essay contest sponsored by the VFW. A reminder that Stanford Testing will begin on Tuesday of this week.

Tests this week: 6/7: Social Studies - Tuesday, **6-8: Science - Wednesday, 6/7: Math- Wednesday, 8: Math - Tuesday, 6-8: Math and Vocabulary Test - Friday-Mr. Ewing**

THANK YOU: To Amie Branson for taking over the Food Fair receipts for the PTO.

Food Fair of Appleton City is very generous and donates 1% of purchases back to the Hudson PTO. I am preparing the first submission of the year this week and will be turning in over the weekend. Please send any Food Fair receipts dated 5/1/2019 - 8/31/2019 to school by Wednesday of this week. Thank you Arnie Branson

DID YOU KNOW? You can access our new school website at www.hudsonelementaryschool.org and our Facebook page at **Hudson R-IX Elementary School**

DID YOU KNOW? You can shop the book fair on-line? The on-line book fair is open Sept. 15th - 28th. Just go to the Hudson web page and click on the link. Our school still gets credit for your purchases.

SCHOOL STORE: You have the opportunity to participate in School Store all year long.

MUSIC: We begin all school practices this week! Keep practicing at home! There is a little more than a week until show time!
- Miss Stacie

CHARACTER ED: We talked about taking pride in our community. Some football boys told me they take pride in their community by helping to clean up the fields after the games are over. Talk with your student about things they can do to help within their community. Working together to help keep things nice for others to use is very important and shows great character!

-Miss Stacie
