

Safety Data Sheet

Infosafe No™ VAR0R Issue Date : February 2019 ISSUED by ACTIVEWA
Product Name **DRYING AGENT**

1. Identification

GHS Product Identifier DRYING AGENT
Company Name ACTIVE WASH SOLUTIONS
Address Unit 2/4 Carboni Court, Dubbo NSW 2830
Australia
Telephone/Fax Number Tel: 0414 344 814
Emergency phone number 0414 344 814
E-mail Address 0414 344 814
Recommended use of the chemical and restrictions on use Drying and gloss sheeting agent for vehicle washing in touchfree systems.

2. Hazard Identification

GHS classification of the substance/mixture Not classified as Hazardous
Not classified as a Dangerous Good
Signal Word (s) NONE
Hazard Statement (s) None
Precautionary statement – General P102 Keep out of reach of children.
P104 Read Safety Data Sheet before use.
Pictogram (s) None
Precautionary statement – Storage P404 Store in a closed container.
Precautionary statement – Disposal P501 Dispose of contents/container: Recycle packaging by replacing cap and returning clean containers to recycler or designated collection point.

3. Composition/information on ingredients

Ingredients	<u>Name</u>	<u>CAS</u>	<u>Proportion</u>
	Ingredients determined not to be hazardous, including water.		60-90 %
	Non hazardous surfactants	Mixture	5-15 %
	Petroleum hydrocarbon solvent		5-10 %

4. First-aid measures

Inhalation Treatment not normally required. Move to fresh air. If symptoms warrant, consult a doctor.
Ingestion Do NOT induce vomiting due to risk of solvent aspiration into lungs, For small accidental dose, rinse mouth and drink a glass of water, seek medical advice if large quantity taken (rinse/drink water) or if vomiting occurs or other symptoms warrant.
Skin Remove contaminated clothing and wash before re-use. Wash affected areas with copious quantities of water. If irritation occurs seek medical advice.
Eye contact Immediately irrigate with copious quantity of water for at least 15 minutes. Eyelids to be held open. Seek medical attention.
First Aid Facilities Eye wash station and normal washroom facilities.
Advice to Doctor Oral - slight irritation of membranes due to solvent. Aspiration - severe lung irritation, coughing/ gagging and developing pneumonitis. Treat symptomatically.

Infosafe No™ VAR0R	Issue Date : February 2019	ISSUED by ACTIVEWA
--------------------	----------------------------	--------------------

Product Name **DRYING AGENT**

5. Fire-fighting measures

Suitable extinguishing media	Use extinguishing media appropriate to surrounding fire. Use water spray to cool containers and surrounds.
Hazards from Combustion Products	If involved in a fire, toxic fumes may be evolved.
Specific Methods	Fire fighters to wear self-contained breathing apparatus if risk of exposure to products of decomposition. If safe to do so, remove containers from path of fire.
Specific hazards arising from the chemical	May burn as it vaporises if involved in a large fire.

6. Accidental release measures

Spills & Disposal	Wear protective equipment to prevent skin and eye contamination consisting of rubber gloves and safety goggles. Wear breathing apparatus if in confined area. Contain large spills with an inert material such as sand, soil or vermiculite. Collect and seal in properly labelled containers for disposal. Small spills may be mopped up. Beware of slip hazard especially after evaporation. Wash down area with excess water.
------------------------------	--

7. Handling and storage

Conditions for safe storage, including any incompatibilities	Store in cool place (5-45C) in sealed steel or plastic containers. Store in a well ventilated area. Store away from oxidising agents and foodstuffs. Store away from sources of heat. Keep containers closed when not in use.
---	---

8. Exposure controls/personal protection

Other Exposure Information	For solvent no ACGIH TLV. Manufacturer recommends OEL 100ppm/8hr day.
Appropriate engineering controls	In very confined spaces have sufficient ventilation. Do not enter confined spaces where vapours may have accumulated. Keep containers closed when not in use. Avoid breathing spray mist.
Personal Protective Equipment	Wear PVC/rubber gloves, waterproof footwear and eye protection. If risk of splashes into eyes, wear safety glasses with side shields. For high concentration vapour or concentrated spray mists, wear approved respirator with organic vapour cartridges (short term) or air fed mask (long term). Always maintain a high level of personal hygiene when using this product. That is wash hands before eating, drinking, smoking or using the toilet.

9. Physical and chemical properties

Form	Liquid
Appearance	Mobile yellow liquid.
Odour	Floral fragrance
Boiling Point	approx. 100C
Solubility in Water	Miscible.
Specific Gravity	0.985
pH	6-8
Vapour Pressure	Not known
Flash Point	N/A
Flammability	May burn as it vaporises if involved in a large fire.

10. Stability and reactivity

Chemical Stability	Stable under normal use conditions.
---------------------------	-------------------------------------

Safety Data Sheet

infosafe
CS: 3.3.2

Infosafe No™ VAR0R Issue Date : February 2019 ISSUED by ACTIVEWA

Product Name **DRYING AGENT**

Possibility of hazardous reactions Do not mix with bleaches, acids, or other cleaning solutions.

11. Toxicological Information

Toxicology Information Petroleum Hydrocarbon - Low Systemic Effectrs.
Inhalation - slightly toxic
TLV - None assigned by NHMRC. Manufacturer recommends O.E.L. 100ppm/8hr day.
Due to the low vapour pressure the atmospheric concentration will normally not approach the O.E.L. value, unless using pressure spray application, heat or large quantities in enclosed areas.

Ingestion Swallowed amounts splashed in ordinary industrial handling not expected to cause a problem. For substantial quantity if vomiting occurs, solvent may be aspirated into lungs, possibly resulting in chemical pneumonitis.

Inhalation Not normally a problem. In confined areas with poor ventilation, dizziness may occur.

Skin De-fatting action. Prolonged and/or repetitive contact can cause irritation, drying/cracking of skin and eventually dermatitis in some individuals if left untreated.

Eye Moderate irritant

Chronic Effects No prolonged or repeated exposure information is available for this product.

12. Ecological information

Environmental Protection Avoid contaminating waterways, drains, sewers, or ground.

13. Disposal considerations

Waste Disposal Land fill, incineration, sewer (small quantities). Refer to Land Waste Management Authority in your State.

14. Transport information

Transport Information Not classified as a Dangerous Good according to the Australian Code for the Transport of Dangerous Goods by Road and Rail.

15. Regulatory information

Poisons Schedule Not Scheduled

16. Other Information

Date of preparation or last revision of SDS 11/02/2019

Literature References Preparation of Safety Data Sheets for hazardous Chemicals Code of Practice Standard for the Uniform Scheduling of Medicines and Poisons
Australian Code for the Transport of Dangerous Goods by Road & Rail
Globally Harmonised System of classification and labelling of chemicals

Signature of Preparer/Data Service Technical Manager 03 9580 2499

Technical Contact Numbers Emergency Advice All Hours:
Managing director: 0414 344 814 Mon-Fri 8am - 6pm
Poisons Information Centre: 13 1126 24hrs

Other Information This SDS summarises at the date of issue our best knowledge of the health and safety hazard information of the product, and in particular how to safely handle and use the product in the Workplace. Please refer to the technical datasheet (Instructions for use), and the label on the drum. The company cannot anticipate or control the individual working conditions encountered and so each user should read this SDS carefully, and if in doubt ring the Contact Point Number given below.
