

SpectraDuo™
Colour-backed glass
Subtle light reflection
2 stylish colours

SpectraDuo™

Creating a simple, stylish interior doesn't need to cost a fortune. We've created SpectraDuo™ to offer you an affordable, decorative glass which is both classic and bold.

Ideal for wardrobe doors and wall panels, SpectraDuo™ is colour-backed glass that delivers an almost effortless sense of depth and luminosity to your space.

Bold spaces.

SpectraDuo™ is the ideal aesthetic and economic choice for wardrobe doors and decorative internal wall panelling, creating a subtle, luminous and striking contemporary quality in a room.

As the painted surface is baked onto the back of the glass and then protected with a layer of vinyl, the surface becomes scratch resistant, and a real sense of depth not normally seen in other opaque materials is achieved.

A touch of versatility.

SpectraDuo™ is available in three options: White on Clear glass, which creates a feeling of sophisticated simplicity in a room, adding a sense of space and light, and White on SuperClear glass, which is perfect for a premium white and bright finish. Black creates outstanding visual impact with a deep, solid black finish for strong, bold statements.

Kids and adults alike will love using the easy-to-clean surface with non-permanent marker pens to create a masterpiece, write lists, or use in place of a whiteboard.

White SuperClear

Safety and security.

SpectraDuo™ is purpose designed for wardrobe doors and internal wall panelling, using a super hard grade paint specifically for decorative glass applications.

As a colour-backed glass, with an additional vinyl backing, SpectraDuo™ provides Grade A Safety Glass protection, and has a two year warranty, giving you greater peace of mind.
