

District 6 Report

President Brenda Kinghorn

This was my first year being a District President and I want to thank the District officers for all the help with the Auxiliaries in the District. Thank you for attending the District meetings and being there for the Schools of Instruction. I have found that the President must have a strong team of officers that works together and is there to answer the call.

We have four (4) Auxiliaries in our District. They worked very hard to build up their Auxiliaries and work on their meetings, programs and helping their communities. They participated in flag raisings, youth events, helping local veterans, holding benefits, dinners and memorials with their comrades.

Our largest Auxiliary, 9907 Show Low, held memorials all over the White Mountains. They participated in Veteran's Day, Pearl Harbor Day, Memorial Day and Flag Day programs and services for departed comrades, hospital volunteers, family support, scholarship entries, school flag raisings. As always, their program chairmen were spot on.

Auxiliary 8987 Eagar, worked to get new officers in place and worked extremely hard to renew their membership. They supported their Post with benefits, dinners, and projects in their community.

Auxiliary 1704 Globe, has been helping with their Post with benefits, dinners, homeless, and community families. Their membership reached 100%!

Auxiliary 2364 Pinetop/Lakeside worked their programs, reached 100% in membership, held their two day "Bowl for Vets" bowling event in conjunction with the Family Freedom Festival with Auxiliary 9907. Also, along with Auxiliary 9907, they worked on Christmas food boxes and the Scholarship program. This year's Voice of Democracy District 6 winner, Katie Brimhall, came from Snowflake and was entered through Auxiliary 2364. She then won 3rd place at Department level.
