

How Are You Handling God's Resources?
Luke 16:13-15 (NCV)
Pastor Victor J. Coleman, Sr.
March 29, 2017

How are you handling God's resources? We are blessed to be a blessing. We are not only asked to give, we are also asked to manage what God gives us. The Bible says if we are faithful with little, we can be trusted with more. We know that if we give, it will be given back to us in overflowing fashion. Therefore, we must not waste what God has given us. No matter if it is finances or talents or other resources, God is the giver and we must honor God by being a good steward.

The Parable of the Shrewd Manager – Luke 16:1-15 (NIV)

1. Don't waste – waiting can cause you to lose out.

2. Know your limitations and use your strengths.

3. Give credit where credit is due – the owner praises the dishonest manager.

4. Can you be trusted?
