PRESS RELEASE

2020 Kane County Paint Pavement Marking Program Kane County Section No. 20-00000-05-GM

The annual Kane County Paint Pavement Marking Program work will begin the **week of July 13th**, weather permitting. The work shall include installation of paint pavement markings onto 225 miles of County highways as indicated on the attached map. County policy is to apply paint pavement markings annually on the majority of the County's rural highways and the more durable urethane pavement markings onto the high volume County highways. This pavement marking project will improve the visibility of the lane markings for the motoring public. **The work is anticipated to be completed by Tuesday, October 20, 2020, weather dependent.**

Temporary daily lane closures will be required Monday through Saturday from 7:00 AM to 4:00 PM to accomplish this work. The paint pavement marking work will start in the north end of the county and working their way south until all necessary lane lines have been restriped, weather dependent. Temporary flagger control of intersections will be required along the entire route in order to accomplish the required work. Please watch for fresh paint, workers, equipment on the roadway and shoulders, anticipate increased travel times and exercise caution while traveling in freshly painted areas.

Questions or concerns may be directed to Matt Schumacher at (630) 762-2744.

For all Kane County traffic advisories, visit the [Traffic Alerts Page](#) of the KDOT website.

Work Zone Safety Alert

Drivers in this project area should be prepared to reduce their speed, exercise caution, watch for construction workers and construction vehicles entering or leaving the site, and obey flaggers and other traffic control devices within the work zone.

Drivers should expect delays and may want to add additional time to their commutes and consider the use of alternate routes while this work is completed.

KDOT reminds drivers that is illegal to talk on a cell phone or text while driving through a highway construction work zone. The minimum penalty for speeding in a work zone is \$375.
