

Dear Kanata Friends and Families,

First, we would like to humbly thank each and every one of you for your interest or support in the Kanata Academy of Martial Arts. You are the reason we are here and able to serve our community.

Recently we have been faced with a great challenge with the Coronavirus pandemic. We are closely monitoring all the information coming out of the CDC and our local government to make sure that we are always making the best choices as things develop. As of Sunday March 15th, we have closed our facility to classes for the next 2 weeks. We will re-evaluate at that time. Please continue to follow our Facebook page & website for continued updates.

Should you require additional information, please contact myself at sherry@oama.ca. Supporting one another will ensure the Kanata Academy of Martial Arts can continue to serve the community long after this challenge passes.

Thank you for your patience & understanding at this time.
