Our organization supports our Police Department, the Military and Our Founding Fathers. While none of these are perfect, they have served us well. Original documents show that the Founding Fathers used Scripture and prayed for God's help in developing our current form of government and its Constitution. The Divine wisdom obtained through Bible knowledge, prayer, and respectful debate created a government that affords its citizens freedoms unknown in any other country. This is the reason people risk their lives and breach our borders to get into the United States. Yet, some are advocating the overthrow of our government. Others are allowing riots, looting and burning to the destruction of our nation without any attempt to control those responsible.

Finally, you need to support our duly elected President. The President knows the responsibility of the government is to protect its citizenry – all citizens. If the states will not put an end to destruction of property and attacks on their citizens, then it is his responsibility to provide protection. Congress needs to condemn these violent protests and provide whatever support necessary to end them so that people do not live in fear and can protest peacefully. It is your job to be a terror to evil!

The citizens of the United States are realizing that they have been manipulated and brainwashed by deep rooted EVIL AND HATRED BEING CONTINUALLY FOMENTED BY A BIASED MEDIA AND the DEMOCRATIC PARTY. Our membership includes both Democrats and Republicans.

We need to ask God for mercy and REPENT or the United States will be a nation turned into hell.

Sincerely,

Member
