April 6, 2009

To whom it may concern,

Please accept this as a letter of recommendation for installment of security equipment. We want you to know that we are very pleased with the quality of the products and services that Alpha & Omega Loss Prevention has provided. We sincerely appreciate their responsiveness, concern and the way they conduct business.

A good example is how they kept us abreast of the job progress and added an additional camera to our system with no additional charge. We recommend their company to others because of our satisfaction and look forward to doing business with them in the future. Please contact us with other questions regarding their service to our organization.

Sincerely,

The Housing Authority of the  
City of Michigan City, Indiana

A handwritten signature in cursive script that reads "Lenda J. Wilson".

Mrs. Lenda J. Wilson  
Executive Director
