

Wednesday August 21																												
09:00	Registration																											
11:00-12:30	Margarinfabrikken 1 + 2 Welcome address Plenary session - Epidemiology of stroke <i>Chairs: Eivind Berge and Ellisiv B. Mathiesen</i>																											
11:15-11:40	Research Networks: Benefits for researchers, clinicians and patients – The UK Experience – <i>Thompson Robinson (UK)</i>																											
11:40-12:05	Trends in stroke risk factors and stroke incidence – <i>Anne Merete Vangen-Lønne (NO)</i>																											
12:05-12:30	Sex differences in mortality after stroke – <i>Janika Kõrv (EE)</i>																											
12:30-14:00	Lunch and Poster walk																											
14:00-15:20	Parallell sessions																											
	<table border="1"> <thead> <tr> <th>Margarinfabrikken 1 Intracranial hemorrhage and antithrombotic treatment <i>Chairs: Ole Morten Rønning and Maria Carlsson</i></th> <th>Margarinfabrikken 2 Atherosclerosis and carotid artery disease <i>Chairs: Fabienne Perren and Per Wester</i></th> <th>Arbeidskontoret Free Oral Communications 1 <i>Chairs: Torunn Askim and Carina Persson</i></th> </tr> </thead> <tbody> <tr> <td>14:00-14:20</td> <td>Risk of intracranial hemorrhage in users of oral antithrombotic drugs – <i>Sasha Gulati (NO)</i></td> <td>14:00-14:13</td> <td>Pre-stroke physical activity and stroke – <i>Katharina Stibrant Sunnerhagen (SE)</i></td> </tr> <tr> <td>14:20-14:40</td> <td>Reversal of direct oral anticoagulation: when and how? – <i>Erin M. Hald (NO)</i></td> <td>14:13-14:26</td> <td>Multiple delayed onset movement disorders after pontine hemorrhagic stroke – <i>Troels Gil Lukassen (DK)</i></td> </tr> <tr> <td>14:40-15:00</td> <td>Antithrombotic treatment after intracerebral haemorrhage – <i>Kristin T. Larsen (NO)</i></td> <td>14:26-14:39</td> <td>Health-related quality of life at 3 and 12 months post stroke in a Danish and (North) Norwegian cohort – <i>Guri Heiberg (NO)</i></td> </tr> <tr> <td>15:00-15:20</td> <td>Hemostatic therapies for acute spontaneous intracerebral hemorrhage – <i>Maria Carlsson (NO)</i></td> <td>14:39-14:52</td> <td>Municipal cross-disciplinary rehabilitation following stroke in Denmark and Norway – <i>Lena Aadal (DK)</i></td> </tr> <tr> <td></td> <td></td> <td>14:52-15:05</td> <td>Gateway to recovery: a comparative analysis of stroke patients' experiences of change and learning – <i>Hanne Pallesen (DK)</i></td> </tr> <tr> <td></td> <td></td> <td>15:06-15:20</td> <td>A comparison of municipal stroke rehabilitation in Denmark and Norway – <i>Siri Moe (NO)</i></td> </tr> </tbody> </table>	Margarinfabrikken 1 Intracranial hemorrhage and antithrombotic treatment <i>Chairs: Ole Morten Rønning and Maria Carlsson</i>	Margarinfabrikken 2 Atherosclerosis and carotid artery disease <i>Chairs: Fabienne Perren and Per Wester</i>	Arbeidskontoret Free Oral Communications 1 <i>Chairs: Torunn Askim and Carina Persson</i>	14:00-14:20	Risk of intracranial hemorrhage in users of oral antithrombotic drugs – <i>Sasha Gulati (NO)</i>	14:00-14:13	Pre-stroke physical activity and stroke – <i>Katharina Stibrant Sunnerhagen (SE)</i>	14:20-14:40	Reversal of direct oral anticoagulation: when and how? – <i>Erin M. Hald (NO)</i>	14:13-14:26	Multiple delayed onset movement disorders after pontine hemorrhagic stroke – <i>Troels Gil Lukassen (DK)</i>	14:40-15:00	Antithrombotic treatment after intracerebral haemorrhage – <i>Kristin T. Larsen (NO)</i>	14:26-14:39	Health-related quality of life at 3 and 12 months post stroke in a Danish and (North) Norwegian cohort – <i>Guri Heiberg (NO)</i>	15:00-15:20	Hemostatic therapies for acute spontaneous intracerebral hemorrhage – <i>Maria Carlsson (NO)</i>	14:39-14:52	Municipal cross-disciplinary rehabilitation following stroke in Denmark and Norway – <i>Lena Aadal (DK)</i>			14:52-15:05	Gateway to recovery: a comparative analysis of stroke patients' experiences of change and learning – <i>Hanne Pallesen (DK)</i>			15:06-15:20	A comparison of municipal stroke rehabilitation in Denmark and Norway – <i>Siri Moe (NO)</i>
Margarinfabrikken 1 Intracranial hemorrhage and antithrombotic treatment <i>Chairs: Ole Morten Rønning and Maria Carlsson</i>	Margarinfabrikken 2 Atherosclerosis and carotid artery disease <i>Chairs: Fabienne Perren and Per Wester</i>	Arbeidskontoret Free Oral Communications 1 <i>Chairs: Torunn Askim and Carina Persson</i>																										
14:00-14:20	Risk of intracranial hemorrhage in users of oral antithrombotic drugs – <i>Sasha Gulati (NO)</i>	14:00-14:13	Pre-stroke physical activity and stroke – <i>Katharina Stibrant Sunnerhagen (SE)</i>																									
14:20-14:40	Reversal of direct oral anticoagulation: when and how? – <i>Erin M. Hald (NO)</i>	14:13-14:26	Multiple delayed onset movement disorders after pontine hemorrhagic stroke – <i>Troels Gil Lukassen (DK)</i>																									
14:40-15:00	Antithrombotic treatment after intracerebral haemorrhage – <i>Kristin T. Larsen (NO)</i>	14:26-14:39	Health-related quality of life at 3 and 12 months post stroke in a Danish and (North) Norwegian cohort – <i>Guri Heiberg (NO)</i>																									
15:00-15:20	Hemostatic therapies for acute spontaneous intracerebral hemorrhage – <i>Maria Carlsson (NO)</i>	14:39-14:52	Municipal cross-disciplinary rehabilitation following stroke in Denmark and Norway – <i>Lena Aadal (DK)</i>																									
		14:52-15:05	Gateway to recovery: a comparative analysis of stroke patients' experiences of change and learning – <i>Hanne Pallesen (DK)</i>																									
		15:06-15:20	A comparison of municipal stroke rehabilitation in Denmark and Norway – <i>Siri Moe (NO)</i>																									
15:20-15:50	Coffee break																											
15:50-16:50	Margarinfabrikken 1 + 2 Plenary session – Management of stroke with unknown onset and late time window <i>Chairs: Erik Lundström and Hanne Krarup Christensen</i>																											
15:50-16:10	Imaging in wake-up stroke and stroke of unknown onset – <i>Kathinka Kurz (NO)</i>																											
16:10-16:30	Thrombolysis for wake-up stroke – <i>Eivind Berge (NO)</i>																											
16:30-16:50	Thrombectomy in an extended time window – <i>Tommy Andersson (SE)</i>																											
18:00	Margarinfabrikken 1 + 2 Welcome reception																											

Thursday August 22																																								
08:30-10:10	<p align="center">Margarinfabrikken 1 + 2 Plenary session - Rehabilitation <i>Chairs: Katarina Stibrant Sunnerhagen and Bent Indredavik</i></p>																																							
08:30-08:55	The benefit of enriched environment after stroke. Results from preclinical studies – <i>Nicolaj Daugaard (DK)</i>																																							
08:55-09:20	How early and often should patients be mobilised after stroke? Implications from clinical trials – <i>Antje Sundseth (NO)</i>																																							
09:20-09:45	Fear of falling in acute stroke – <i>Carina U Persson (SE)</i>																																							
09:45-10:10	From what we know to what we do: implementing research – <i>Avril Drummond (UK)</i>																																							
10:10-10:40	Coffee break and Poster walk																																							
10:40-12:00	Parallell sessions																																							
	<table border="1"> <thead> <tr> <th>Margarinfabrikken 1 Secondary prevention <i>Chairs: Jukka Putaala and Marianne Altmann</i></th> <th>Margarinfabrikken 2 Joint Session of the Korean and Nordic Stroke Societies <i>Chairs: Byung-Chul Lee and Claus Z. Margarinfabrikken 1 Secondary prevention <i>Chairs: Jukka Putaala and Marianne Altmann</i>	Margarinfabrikken 2 Joint Session of the Korean and Nordic Stroke Societies <i>Chairs: Byung-Chul Lee and Claus Z. Simonsen</i>	Arbeidskontoret Free Oral Communications 2 <i>Chairs: Hege Ihle-Hansen and Dalius Jatužis</i>																																						
10:40-11:00	Blood pressure lowering after stroke – <i>Hanne Ellekjær (NO)</i>	Introduction to new technologies in cardioembolic stroke prevention – <i>Sun U. Kwon (KR)</i>																																						
11:00-11:20	Left atrial appendage closure in atrial fibrillation – <i>Per Wester (SE)</i>	Current clinical practice and policy for reimbursement in Norway – <i>Ole Morten Rønning (NO)</i>																																						
11:20-11:40	SSRI for stroke recovery – <i>Erik Lundström (SE)</i>	Current clinical practice and policy for reimbursement in Korea – <i>Min Uk Jang (KR)</i>																																						
11:40-12:00	Optimalization of secondary prevention in cryptogenic stroke – <i>Karen Ægidius (DK)</i>	Panel discussion																																						
		10:40-10:53	Induced hypertension in patients with acute carotid occlusion and cerebral hypoperfusion – <i>Paul von Weitzel-Mudersbach (DK)</i>																																					
		10:53-11:06	Prehospital delay in patients diagnosed with acute stroke: A nationwide study – <i>Jeppe Mainz (DK)</i>																																					
		11:06-11:19	Stroke treatment in Norway: Does our decentralized model provide good quality of care? – <i>Torunn Varmdal (NO)</i>																																					
		11:19-11:32	Temporal trends in long-term survival rates and causes of death after intracerebral hemorrhage – <i>Maria Carlsson (NO)</i>																																					
		11:32-11:45	Sex and age differences in typical and atypical acute stroke symptoms – <i>Heidi Shil Eddelien (DK)</i>																																					
		11:45-12:00	The prevalence of Circle of Willis variants in a healthy adult population: The Tromsø Study – <i>Lars Hindenes (NO)</i>																																					
12:00-13:30	Lunch + Satellite symposium																																							
13:30-14:30	<p align="center">Margarinfabrikken 1 + 2 Plenary session – Pre-hospital management of stroke <i>Chairs: Janika Kõrv and Jesper Petersson</i></p>																																							
13:30-13:50	Pre-hospital treatment of stroke – <i>Heinrich Audebert (DE)</i>																																							
13:50-14:10	How can we balance the challenge of over and under triage of acute stroke? – <i>Claus Ziegler Simonsen (DK)</i>																																							
14:10-14:30	Simulation-based team training to shorten time from onset to revascularization – <i>Martin Kurz (NO)</i>																																							
14:30-15:00	Coffee break																																							

15:00-16:20	Margarinfabrikken 1 + 2 Plenary session – Practical issues in revascularization treatment <i>Chairs: Heinrich Audebert and Bente Thommessen</i>
15:00-15:20	Selection of patients and organization of thrombectomy – <i>Jesper Petersson (SE)</i>
15:20-15:40	Management during and after thrombectomy. The neurointerventionist's perspective – <i>Tommy Andersson (SE)</i>
15:40-16:00	Medical management during and after thrombectomy. The neurologist's perspective – <i>Risto O. Roine (FI)</i>
16:00-16:20	Future perspectives: Integrating neurovascular protection with revascularization treatment – <i>Anne Hege Aamodt (NO)</i>
16:30-17:30	Margarinfabrikken 1 + 2 General Assembly of the Nordic Stroke Society
18:30-22:00	Bus Transport to Sommarøya Return to centre of Tromsø

Friday Aug 23			
09:00-10:20	Parallell sessions		
	Margarinfabrikken 1 TIA and minor stroke <i>Chairs: Paul von Weitzel-Mudersbach and Ragnhild Munthe-Kaas</i>	Margarinfabrikken 2 Less frequent stroke subtypes <i>Chairs: Riina Vibo and Ulrike Waje-Andreassen</i>	Arbeidskontoret Cognitive impairment after stroke <i>Chairs: Hanne Ellekjær and Christina Kruuse</i>
09:00-09:20	Epidemiology of TIA – <i>Fredrik Buchwald (SE)</i>	Stroke in the young – <i>Jukka Putaala (FI)</i>	Small vessel disease in the elderly, and its management – <i>Christina Kruuse (DK)</i>
09:20-09:40	Stroke risk after transient ischemic attack – <i>Fredrik Ildstad (NO)</i>	Stroke and cancer – <i>Halvor Næss (NO)</i>	Cognitive and emotional impairment after TIA and minor stroke – <i>Hege Ihle-Hansen (NO)</i>
09:40-10:00	Diagnosis of TIA vs minor stroke – <i>Christopher Kvistad (NO)</i>	Cerebral venous sinus thrombosis – <i>Mona Skjelland (NO)</i>	How can we get better insight into cognitive impairment after stroke? – <i>Ingvild Saltvedt (NO)</i>
10:00-10:20	Acute management of TIA and minor stroke – <i>Hanne Krarup Christensen (DK)</i>	Thrombolysis for central retinal artery occlusion – <i>Anne Hege Aamodt (NO)</i>	Effect of mobilization and activity on cognitive function after stroke – <i>Torunn Askim (NO)</i>
10:20-10:50	Coffee break		
10:50-12:45	Margarinfabrikken 1 + 2 Plenary Closing session <i>Chair: Anne Hege Aamodt</i>		
10:50-11:10	Clinical pathways in stroke care – <i>Bent Indredavik (NO)</i>		
11:10-11:30	Certification of stroke units – <i>Ulrike Waje-Andreassen (NO)</i>		
11:30-11:50	Life after stroke – <i>Avril Drummond (UK)</i>		
11:50-12:10	Action plan for stroke 2018-2030 – <i>Hanne Krarup Christensen (DK)</i>		
12:10-12:40	Nordic Stroke Award Lecture		
12:40-12:45	Nordic Stroke Congress 2021 Announcement and Closing remarks		
12:45	Lunch (grab and go)
