LOVE
YOUR
BRAND

Cut
the
crap!

Producing crap is the easiest thing in the world. That's why we refuse to do it. Saving a fistful of dollars in production costs always mean the same thing: compromises made in regard to materials, design and function. And we're not willing to make that sacrifice, since it risks shattering the brand you've spent time, energy and money to build, if it ends up on a wobbly image wall, a print that detaches itself at will, or a roll up that just will not stand straight. It would turn the projected savings into a loss - a costly illusion.

That's why we only make portable display systems that leads the way for our industry. And we do it at reasonable prices, without negotiating away anything needed for you to be able to meet potential customers in the very best of settings. That's the love we know your brand deserves.

Expolinc Pop Up Magnetic & Pop Up Magnetic Tower

Unbroken attention

Today, the Pop Up Magnetic and Pop Up Magnetic Tower sets the standard for large image walls and columns at events and presentations. Few loose parts coupled with a light and stable design help you attract plenty of attention with unbroken curved or straight feature walls. When adding a Screen Holder to your Pop Up Magnetic, you will be able to show moving pictures at events, exhibitions and meetings.

Pop Up Magnetic Tower is a portable and flexible advertising column - ideal in a reception or to complement a stand at a trade fair. An effective way to create exposure and interest in a small space.

Process control

We design and develop all our products ourselves and control the whole manufacturing process. We have our own modern warehouse and logistics system, providing you not only with products, but with spare parts and accessories - no matter where you are.

Quality and design with a lifetime warranty

To make sure that you are able to rely on our systems over and over again, we submit ourselves and our suppliers to rigorous quality control procedures. When developing products, our core objective is to achieve a carefully considered and functional design. We are so confident in the function and quality of our systems that we give a lifetime warranty on all our products.

How it works

Our display systems have been developed to be simple and straightforward to set up and use, without the need for a whole toolbox full of tools. Just to be sure though, every display system does come with easy-to-follow instructions. These can also be downloaded as a PDF from our Download Centre.

Dealers

Our products are distributed via a network of dealers in over 35 countries. We are only too happy to help you find the best solution based on your needs and wishes.
