

## ATP ND06

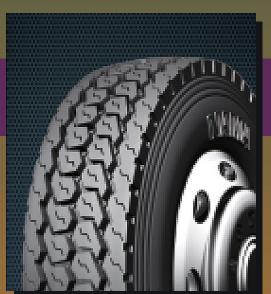

- Deep tread to resist stone drilling
- Designed for excellent durability and traction
- Improved design for outstanding wear for over-the-road service
- Premium closed shoulder steel radial drive position

Warehouse locations: Los Angeles, Phoenix, Tucson, Grand Prairie, Seattle, Boise

## ATP ND20

- Mixed pattern with excellent ground grasping and braking performance
- Low-heating, excellent abrasion resistance and energy-efficient
- Applicable to the driving wheels of the truck

Warehouse locations: Los Angeles, Phoenix, Tucson, Grand Prairie, Seattle, Boise

## ATP NF25

- Mixed highway, all position heavy duty rib tire for on//off highway application
- Special tread compound designed for lower heating up, excellent puncture and cut resistance and minimized gasoline consumption
- Super steel belt carcass construction enhances casing strength and maximizes tire load capacity
