

Breeder Referral Questionnaire

Thank you for your interest in the Comfort K9 program. Breeders like you are what make this program successful. Dedication to the enhancement of your breed, and a focus on early puppy development, are but a couple of the many qualities that will help your dogs achieve the career goals associated with this program. The following questions are to provide Facility Handlers an idea of who you are and if one of your puppies would be a good fit for their particular program requirements. Paws for Responders, LLC appreciates your time and support. We look forward to hearing from you.
