COORDINATES WITH

Garaga is proud to collaborate with entry door manufacturer, Novatech, so we can offer you products that go together perfectly. Visit garaga.com/novatech

GARAGA CONSTRUCTION
MAKES ALL THE DIFFERENCE

RUGGED & DURABLE

THERMALLY EFFICIENT

REFINED DESIGN

1 INTERLOK™ JOINT

Located between sections, this joint blocks air infiltration due to its triple-contact weatherseal.

Makes sections very strong as it is mechanically interlocked and not bonded.

2 WOOD END BLOCKS

One of the most effective thermal breaks, they eliminate any transfer of cold or heat between materials.

3 REINFORCED METAL PLATES

With 14-gauge thickness, they are used to solidly attach hinges, handles and operator bracket.

4 HIGH-PERFORMANCE WEATHERSTRIPPING

Our weatherstripping ensures increased weathertightness and stays flexible through the coldest temperatures.

5 POLYURETHANE

High-pressure injected foam provides R-16 thermal resistance for 2 3/8" doors (1 3/4" plus overlays).

Because it adheres to the section walls, it provides a high level of rigidity to the door.

6 CONTINUOUS WOODGRAIN

Up close or at a distance, our embossed woodgrain finish is flawless and very refined.

7 OVERLAYS

LaserCraft™ Technology is used for a precise fit between overlays and our Permafix™ Process literally fuses them to the steel sections.

In garage door comparison tests, Garaga wins hands down. Watch our 45-second videos at garaga.com/lab

To save energy, all components of a garage door must be taken into consideration (joints between sections, weatherstripping, end blocks, etc.) and not just its thermal resistance R-value as that only refers to the construction of the sections.

LiftMaster®

Quiet and reliable garage door openers

ELITE SERIES®

- Ultra quiet
- Belt or chain drive
- 3/4 HP, AC or DC power

- Ultra quiet
- Jackshaft
- DC power

PREMIUM SERIES®

USEFUL ACCESSORY

Automatic Garage Door Lock

To ensure greater security for your home, can be activated with your smartphone.

Allows you to open or close your garage door from anywhere by using a smart device such as a watch, telephone, tablet or laptop.

Princeton P-23, 8' x 7', Chocolate Walnut doors and overlays, 8 lite Panoramic windows

Why have more than 1.9 million GARAGA doors been installed since 1983?

SUPERIOR PERFORMANCE

Get a product that exceeds your expectations. Our garage doors, inspired by Canada's severe weather, are **energy efficient** as they are first and foremost weathertight. They are **strong** and constructed with long lasting components, rigorously selected to give a flawless finish, both up close and at a distance.

ONE OF THE LARGEST SELECTIONS IN THE INDUSTRY

With **thousands of possible combinations**, you are sure to find the garage door you are looking for. Select style, color and much more by visiting **garaga.com/designcentre**. There you can create and view online the perfect door to enhance your house and be assured you're making the best decision.

A PICTURE IS WORTH A THOUSAND WORDS

So that you can make an informed decision, all the options you want can be **quickly** calculated then presented to you in a **clear, illustrated quotation**. Once your garage door has been chosen, your quotation is automatically transmitted to our factory to be **precisely custom-crafted**.
