

Message from The Prez (& the CTS Executive)

To our awesome tennis community here in Chilliwack!

On behalf of the CTS Executive, I would like to thank all of you for an amazing summer of tennis and representing the sport so well here in Chilliwack.

Thanks to the incredible weather we had this summer, there were continuous games played for all ages on the courts. We welcome all the new faces to the group and look forward to playing with you all soon!

The summer also brought many new smiley faces in the kid's camps which many of the kids have continued on now into the fall sessions. We held our first youth tournament that was a great success and a huge thank you to the players, fans and CTS members that came out to support.

I was also approached from Tennis Canada this summer to host a Future Stars tournament but unfortunately due to timing and the weather we were unable to go through with it but we will be trying again in the spring.

With the youth programs continuing to grow, all the new faces joining the society, being on Tennis Canada's radar and of course because of all our dedicated players here in town we are on the right track to continually grow this amazing sport we all love so much and look forward to watching tennis reach new heights here in Chilliwack.

Stay safe and see you on the courts!

All the best,

Please welcome these new members

Indoor Tennis.

It's great to be back in the normal swing of things with our Indoor Tennis. The weather in September and October has been fantastic for outdoor tennis, but it looks like Mom Nature finally remembered what Fall is usually like in BC. All the regular spots in our 5 weekly sessions are full. However, if you aren't signed up as a regular but would like to spare, please email Patti at patti.turner@shaw.ca
