

Flights

Fly with the group or meet us from wherever you are!

Airlines do not make flight booking available until 11 months before departure. We will provide recommended flights for all travelers who are registered at that time.

Book your own flight **OR** **Request a group flight (for those going to Israel only)**

- You can book your own flight and meet us at our arrival time.
- You can share transfers to hotels if you meet the main group at the airport for arrival and depart at the same time from the last hotel. Separate transfers can be arranged for a fee or you can book your own.
- Book your own if you are not flying with the main California group or from an alternate location.
- For those going just to/from Israel, we may have GROUP flights available where all travelers fly on the same booking. These are usually less expensive but fly from LAX or SFO (instead of Fresno) and are restricted in number and seat assignments. We will advise on availability in Summer 2023. Transport to/from the airport can be arranged at extra cost.
- We cannot do group bookings if you go to other countries.

We will assist you however you decide to book your flight!
