

The Gospel of Matthew:

Hypocrisy and Hanging:

1. Once again the Sanhedrin broke another one of their own laws in order to push Jesus toward execution. How is it that when we really want something bad enough, we are willing to do what is wrong to get it?
2. What can prevent us from pursuing our desires above pursuing God?
3. Judas felt remorse for his actions of betraying Jesus, yet it did not change his heart. Why is that? What kind of remorse did he have?
4. Judas loved money more than anything or anyone else. According to 1 Tim 6:9-10, how does the love of money lead to the ruin and destruction of lives?
5. Judas gave Satan a foothold into his life because of his continual sin and his anger toward Jesus' waste of the expensive perfume. How does undealt with sin and anger give Satan a foothold? What does it mean to have a foothold and what are the dangers of giving Satan a foothold?
