Dear Families and Friends of Scarsdale High School Athletics:

On behalf of the Board of Maroon and White, we are pleased to welcome you to the 2018-19 Sports Awards Dinners. Tonight, we honor our student-athletes both for their accomplishments on the playing fields and their commitment to Raider Pride. Raider Pride is about dedication to your team and to learning to win and lose with grace. It includes doing your best during competition and in the classroom. Raider Pride is always knowing that you represent your school and your team wherever you are.

Raider Pride has been a core philosophy of Maroon and White for the 51 years we have been supporting the Physical Education and Athletics programs of the Scarsdale Schools. We applaud our student-athletes for recognizing that their time and effort is not just about wins and losses but much more.

Maroon and White is grateful for the continuing support of Raider families throughout the year. Your family ads in the Sports Journal are the financial backbone of Maroon and White. We also ask that you patronize our business advertisers, which are an integral part of our Sports Journal's success. We appreciate your other forms of support: your purchases of Raider Merchandise, the Raider "S" signs on your lawns, and your membership contributions. Because of your efforts, we have been able to make contributions of approximately \$25,000 each year in support of necessary but unbudgeted physical education and athletic items; we have been able to give year-end scholarship awards to deserving student-athletes; and we are able to host all student-athletes at our awards dinners without cost to them. Because of your generosity, we have recently made a gift of \$100,000 to the new SHS fitness center and have pledged another \$100,000 towards lights for the fields.

Special thanks to Ray Pappalardi, our Director of Physical Education, Health and Athletics, for his devotion to the physical and emotional well-being of our children; to Joe DeCrescenzo, our Assistant Athletic Director, whose countless hours and endless patience keeps the complex machinery of practices, games, and tournaments moving smoothly; and to Schools Superintendent Thomas Hagerman and SHS Principal Ken Bonamo for their thoughtful commitment to the value of sports and physical education in a liberal arts program.

Most important, thanks to all the coaches for your dedication to our children. Your role in the lives of our student-athletes cannot be overestimated, and we appreciate the care with which you accept this responsibility.

Go Raiders!!

Dear Student-Athletes,

This evening we recognize and celebrate your athletic achievements during the three seasons of the past academic year. We also recognize the invaluable leadership and guidance of your coaches, who have developed your skills for success not only in competition but also in the classroom and in life.

Athletics play an important role in character development. As team members, you have had the opportunity to practice the values of teamwork, sportsmanship, and dedication. As participants, you have consistently met high standards through both drive and skill, and you have enjoyed the pleasure of the game. You have tested the limits of athletic and academic endurance. All of you are role models for our school and our community. This evening we applaud your achievements both on and off the field.

We give thanks to your teachers, parents, family, and friends who support you in your pursuit of excellence. The dedication of your coaches provides a model for you to emulate. We are grateful for the ongoing support of Maroon and White. Finally, the work of our Athletic Director, Ray Pappalardi, and Assistant Athletic Director, Joseph DeCrescenzo, provides the framework in which all of these athletic and personal accomplishments can flourish.

Congratulations to all on a job well done. Go Raiders!

Sincerely,

Kenneth Bonamo
Principal

Director of Physical Education, Health, & Athletics

Scarsdale Raiders,

Overall, we have experienced many obstacles this fall. These obstacles have challenged players, parents, coaches, and the greater Scarsdale community. Whether you are a member of Maroon & White, a volunteer, a supporter or a fan, your contribution to the betterment of our athletics program is greatly appreciated. Despite field closures, extreme heat, excessive rain, tornado warnings, and the intrusions of foxes, groundhogs and grubs, our teams have performed well through both wins and losses. This is a tribute to your support, and in particular, the resilience of our student-athletes.

With almost 60% of Scarsdale High School students participating in interscholastic athletics and approximately 37% of whom participate in the fall, the athletic program must have an educational purpose. The Overview on our website states:

"our aim is to develop a student with an improved self-image, the ability to learn a new skill, and an intrinsic motivation for growth and development. We want to see a student who will demonstrate a willingness to accept responsibility for his/her actions, measure him/herself against standards of quality, express ideas and solutions to problems, and value fair play, honesty, and cooperation."

With a focus on developing these attributes, we find our true calling. Our work is to maintain and improve our capacity to offer our student athletes the best interscholastic athletics opportunities. As a foundation to this work, my office will continue to build the capacity of our staff and our facilities. As always, I welcome your input as we improve our programs.

As my fourth fall season in Scarsdale comes to a close, I continue to believe that the way we respond to challenges are true indicators of our conviction and emotional resilience. This season, our responses have resulted in planned and unexpected success, as well as heartfelt loss. I have witnessed our individual and collective commitment as essential elements in these successes. While this commitment has been evident in the athletic performances on the courts, pool and fields, this commitment is also evident as we have rallied despite the loss of Butler Field. I thank you for your understanding and cooperation and I look forward to the opening of Butler Track and Field in its new and improved layout.

In closing, I ask you to join me in thanking Maroon & White for all of their support. Without their support, the athletic programs would not have survived the financial constraints that have limited many school districts' programs. Go Raiders!

Yours,

Ray Pappalardi
