Renewed Hope for a New Year

We are looking forward to 2020 with renewed hope for Haiti. 2019 was a long year for the country of Haiti. Continued protests caused schools to close, businesses to shut down, scarce resources and a difficult year for the people of Haiti. We are happy to report that schools have been open since the middle of December, but there is a long road ahead to make up for lost school days, for businesses to rebuild, and for a feeling of stability and security to return to the country. We thank you for walking alongside ministries such as Love and Grace to bring light to a dark time for the people of Haiti.

A big thank you to all the sponsors for sending Christmas gifts to the boys and to the Ladies Bible Study in South Carolina for the bags for the boys. Thank you for your outpouring of love to help them end their year with much joy and excitement.
