

Fireside Fellowship:

Light of God:

1. Paul teaches about the time and day of Christ's return. Why doesn't he give specifics? What does he say about Christ's return?
2. Why is the world's message of "peace and safety" in opposition to the message of the gospel?
3. Paul uses the language of light and dark. What does it mean to be a person of light?
4. How important is having someone in your life to help you walk in the light? Do you have someone in your life to do this?
5. Disciples of Christ are appointed to receive salvation. How does that knowledge shape the way we live today?
