

Forgive to Live

Forgiveness is a journey and always starts from a starting point where forgiveness is absent, reaching it is a matter of choice.

February 20, 2022

The human being is in a process of transformation and undergoes experiences that help them to evolve. The people who are part of our life play a role in that life. They help us to become aware of our weaknesses. Others do nothing more than point out our wounds, it is not others who make us suffer, The real cause is within oneself.

Forgiveness is the path that allows us to free ourselves from resentments and regrets, to find inner Peace; it is a sacred act that allows us to reconnect with the Source. It is the tool given to move forward on our own path of evolution.
