

THE AIREDALE, AN AMERICAN GOTHIC

2023 ATCA MINNESOTA FLOATING SPECIALTY

BANQUET INFORMATION

HISTORY: The "Combined Specialties" banquet dinner will take place on the acreage of the historic Pine Point Farm, originally founded in 1858 as Minnesota's second state-owned "poor farm." During its 100 years in operation, this prize-winning dairy farm became both a home and a workplace to thousands of people temporarily down on their luck. When the Farm was discontinued in 1957, the Georgian-style home was renovated into a Lodge with a reverence for its historic past. The original wide-planked wooden floors and paneling, large wood-hued ceiling support beams, early American/European antique furnishing, and seven massive fireplaces provide a reminder of a more grand, bygone era. The important American artist, Grant Wood, painted his 1930 masterpiece, *American Gothic*, to convey a positive image of rural American values. Soon the term "American Gothic" was used to symbolize anything authentically American. We choose to believe that's exactly what the Airedale Terrier has become – an authentically American entity! So, what better place to celebrate the Airedale Terrier breed's American authenticity than at the country Outing Lodge at Pine Point!

MENU:

•	2 Salads:	Greens & Spinach/Strawberries/Candied Walnuts/Balsamic Vinaigrette
