FINE LINE & WRINKLE MINIMIZING

- Botox
- Dysport

Smooths lines & lift brows, creating an open, friendlier, more relaxed face with a result that is natural looking & still expressive.

FILLER

Dermal fillers enhance your natural looks by filling facial folds & lines thus restoring your skin's volume.

SUPPLEMENTS

- LIPO-B
- B-12
- B-Complex

LIPO-B decreases fat deposits, boosts energy, transforms carbs into amplified energy, speeds thought process, promotes healthy skin, nails & hair, estrogen levels, helps control cholesterol levels, improves mood, & speeds metabolism & fat removal. **B-12** supports higher energy levels, emotional stability, mental clarity & lowers risk of heart disease. **B-Complex** improves the body's resistance to stress, aids in digestion, promotes muscle tone & healthy skin, reduces muscle spasms, leg cramps, hand numbness & helps regulate blood pressure. B deficiency can cause digestive disturbances, sex gland degeneration & neurological problems. Symptoms of B deficiency include oily or scaly skin, upset stomach, headaches, anxiety & moodiness.

DIAGNOSTIC ASSESSMENTS

- Skin Scope Digital Tissue Documenting
- Skin Scan Tissue Assessment

NuYu, your "skin detective", will investigate the cause of your bacterial, hormonal, environmental, deficient or reactive condition. We may be able to help by simply changing a few steps in your routine. Or, you may need several phases of treatment. Whatever the case, we will guide you along the way to remedy. We understand that skin disturbances can affect your quality of life. For this reason, we treat your concern with passion.

MICRODERMABRASION

Microderm provides an instantly revived complexion & healthy glow while collagen & elastin work to build stronger, more youthful skin.

EPIDERMAL LEVELING

Also known as planing or blading, E.L. removes layers of dead skin cells leaving skin smooth & supple. It is safely performed using a sterile surgical blade. Our practitioner has been performing this procedure for over ten years with amazing results. Benefits include increased absorption of active products, firmer skin, greater elasticity, minimized wrinkles, forms of acne & scar correction.

COLLAGEN INDUCTION THERAPY (CIT) MICRONEEDLING SKINPEN, MICRODERMAPEN

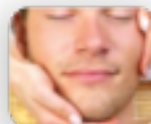

- Scars/ Fine Lines/ Cellulite Reduction

CIT promotes the natural reproduction of collagen & elastin, making the skin feel smoother & tighter. Creating only microscopic punctures in the epidermis; it is minimally invasive & collagen production is significantly quicker than some other more aggressive treatments.

CUSTOMIZED FACIAL

- Anti-Aging/Rejuvenating/Hydrating
- European Medical
- Folliculitis (Ingrown Hair)
- Men's Skin Concerns
- Rosacea & Sensitive
- Hyper pigmented
- Deep Cleansing & Extractions

Let us craft a customized facial rejuvenation program which combines the most appropriate modalities for optimal results. Your aesthetician will develop a treatment program according to your individual needs.

CHEMICAL & HERBAL PEELS

Peel away your skin's top layers for reduction of wrinkles, blemishes, pigmented spots, sun-damaged areas and improve skin texture & tone. Peels range from superficial (you won't even see your dead skin cells shedding) to very aggressive. We offer a wide variety of chemical and herbal peels. Let us recommend the best choice for you.

LASER & IPL TREATMENTS

- Laser Hair Reduction

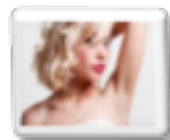

Say goodbye to ingrown hair, razor burn & stubble! Traditional hair removal routines are tedious, painful & expensive. Save time, money, & the inconveniences of keeping up with all that unwanted hair.

- Laser Vein Treatments

Leg & facial veins can be bothersome & unattractive. With laser vein treatments, you can feel so much better about your looks.

- IPL Photo Facial (FotoFacial)

Eliminate broken capillaries, freckles, age spots, rosacea, hyper-pigmentation & sun damage, leaving skin with a smooth, healthy glow while stimulating collagen production to restore firmness & improve tone & texture.

EYELASH ENHANCEMENT

- Lash Growth Products
- Lash Perm Curl
- Lash & Brow Tinting
- Eyelash Extensions

PERMANENT COSMETICS (MICROPIGMENTATION)/ TATTOO REMOVAL & FADING

BODY TREATMENTS

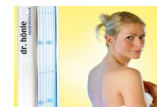

- Microdermabrasion
- Exhilarating Steam Room & Vichy Shower Treatments
- Exfoliating Body Polish, Masques & Wraps
- Cellulite Reduction
- Chest & Back Acne Treatment
- Folliculitis Treatment (Ingrown Hair)

Body treatments are essentially a facial for your whole body. Our luxurious steam room vichy shower treatments leave your skin hydrated and soft.

UVA/UVB DERMATITIS RELIEF THERAPY

- Dermatitis Forms Including Eczema
- Psoriasis
- Vitiligo

NuYu's full body UV table is effective for reducing the symptoms of dermatitis, vitiligo & psoriasis. UV stimulates the calcium metabolizing production of vitamin D3 for healthy bone structure. UV-therapy is also called "The Happy Light" since clients report feeling a positive energy during & after treatment.
