

Strategies for Success:  
Common Core English Language Arts Standards

---

- 1. Students: Read equal amounts of fiction and non-fiction**
    - ▶ Parents: Read more non-fiction with your child
  - 2. Students: Learn about the world by reading**
    - ▶ Parents: Find books on topics of interest to your child and discuss their ideas
  - 3. Students: Read more challenging material carefully**
    - ▶ Parents: Know what is appropriate for your child's reading level, and read more challenging texts together
  - 4. Students: Point to evidence found in the text when discussing what you've read**
    - ▶ Parents: Use evidence in everyday conversation and to make a point
  - 5. Students: Write non-fiction using evidence**
    - ▶ Parents: Encourage more writing by finding topics of interest your child will want to learn more about
  - 6. Students: Increase your vocabulary**
    - ▶ Parents: Read often with your child, and let your student see you reading
-

## Strategies for Success: Common Core Math Standards

---

- Students: Spend more time on fewer, but important concepts**
    - ▶ Parents: Ask your child's teacher which concepts are high priority, and spend time on them
  - Students: Build on your skills year after year**
    - ▶ Parents: Know what your child is struggling with and advocate for support on those gap skills
  - Students: Develop speed and accuracy**
    - ▶ Parents: Know what facts your child should have memorized, and work on memorization with them
  - Students: Apply your math skills in every day situations**
    - ▶ Parents: Brush up on the math your child needs to learn so you can help
  - Students: Use math in the real world**
    - ▶ Parents: Engage your child in solving everyday math problems
  - Students: Think fast and solve problems**
    - ▶ Parents: Practice the skills in which your child is weakest
