WATCHEM PROGRESS ASSOCIATION

After a cancelled meeting due to illness, the President will check around to see if this Tuesday evening will suit to have a meeting or if we wait for the next one scheduled as our last for the year on 8th November. We need to get the community plan out for discussion, Camp St project and get the Christmas Party underway.

Si if members can feed in their thoughts for a meeting on Tues 25th Oct at 8-00pm in the Bowling Club, that would be good. Notification of whether the meeting goes ahead will be posted on the website Monday (watchem.org)

TEST YOUR BRAIN

Four friends were competing in the internationally renowned Watchem Snorkelling competition. As usual, the judges were a little careless and once again, they managed to lose the results. Luckily, a number of spectators were able to remember the following snippets of information:

Only one person wore the same number as the position they finished. Gary, who didn't wear green, beat Barry. Larry beat the person who wore yellow. The person, who wore number 3, wore green. The person who wore number 2 finished first whereas Harry came last. The person who finished second wore green; Barry wore yellow and the person wearing red beat the person wearing blue.

Can you work out who finished where, the number and colour they wore?

Last issues solution

Which number, when written as words, makes this true?

Cleverly, there are exactly ==?== E's in this sentence.

Answer: Twelve
