Why Us?

It is the mission of Central Florida Care Group, Inc. to provide In-home care services to individuals who come to us for superior human services care. We enable everyone acquiring our services to experience individualized care attributing to their overall physical, mental, and social development. These attributes are accessible through our compassionate and reliable staff support. Staff members are chosen based on their educational accomplishments, hands on experiences, and their ability to recognize, understand, and implement essential skills we admire and practice.

Responsiveness is our core of existence and we are committed to work with individuals; providing them with individualized services that goes beyond food and clothing. Central Florida Care Group, Inc.'s objective is to ensure that individuals receiving our services remain top priority. It is with these purposes that Central Florida Care Group, Inc.'s focus expands beyond daily living and adaptive skills; creating and supporting advancement towards community social advancement, health and safety.

Homemaker & Companion Services

Central Florida Care Group, Inc.
