The Freedom Institute was founded by Rev. Dr. Wendell Anthony in 2001. His vision was to create a non-profit community organization. The purpose is to provide a holistic analysis and identify solutions to key issues affecting the quality of life for African Americans in particular and other persons in general. A special weekend dedicated to what would be called Freedom Weekend (a weekend of Edu-tainment, Education for the head and Entertainment for the soul) was developed by the Institute. For over two decades, the Freedom Institute has sponsored Freedom Weekend. The weekend provides an opportunity to evaluate issues of education, healthcare, criminal justice, economic development, youth leadership, hosting local and national entertainers, job/health fairs, community giveaways of sport and health materials, and more. The Freedom Institute has conducted braintrusts, symposiums, and workshops on a variety of policy issues. Rev. Anthony created the Dr. Ron Walters National Townhall. This special event was named for the late Dr. Ron Walters, noted political scientist, college professor, author, lecturer, and presidential consultant. Dr. Walters was also a key advisor to the Freedom Institute. Among the national figures participating in these special townhalls and braintrusts have been Congresswoman Maxine Waters, Congressman John Conyers, Rev. Jesse L. Jackson, Dr. Michael Eric Dyson, Dr. Cornel West, Ms. Susan L. Taylor, Music Mogul Russell Simmons, and the cast from the television series Soul Food, to name only a few. The Freedom Institute also sponsors a podcast hosted by Rev. Anthony called The Turning Point. It features various local and national personalities who discuss issues and policies which impact the quality of life often in marginalized communities as identified by the Institute.

Rev. Anthony has served as Pastor of Fellowship Chapel United Church of Christ for 34 years. He succeeded Rev. James E. Wadsworth Jr. Rev. Anthony expanded and internationalized the ministry of Fellowship Chapel with the building of a health care clinic in Cape Coast, Ghana, West Africa. He led the construction of the new Fellowship Chapel in 2005. The new campus includes a multi-purpose sanctuary, commercial kitchen, two banquet facilities, educational classrooms, community multi-purpose rooms, a health center, infant and toddler care, and various conference rooms. Rev. Anthony created the Amandla Community Development Corporation, a 501c3 non-profit, to secure land and provide economic and community development for both the church and community. He is also leading the effort to create new housing in this area for the community at large called The Fellowship Estates. Rev. Anthony led Project D.R.E.A.M.Z.S. (Detroit Relief Effort to Aide Mozambique, Zimbabwe and South Africa), delivering over \$350,000 in food, medicine, and prosthetic materials during the treacherous floods in that region in 2000. He led the effort and delivered over one million dollars in medical supplies, cargo vans, food, and farming materials to the nations of Zaire and Rwanda during the tragic tribal wars between the Hutus and the Tutsis. His philanthropic work led him to spearhead Project LOVE, raising thousands of dollars to aid the victims of Hurricane Katrina in 2005. His international work also led him to deliver medical and food supplies to the nation of Haiti raising over \$200,000 to aid the victims of a tremendous earthquake in 2010. He has preached in churches in Africa as well as the Caribbean.

Rev. Anthony has served as President of the Detroit Branch NAACP for 28 years. The Detroit Branch is the largest Branch of the NAACP in the nation. Rev. Anthony has hosted President Clinton, Vice President Gore, Vice President Biden, Vice President Kamala Harris, and former President Barack Obama at the 10,000-person Fight For Freedom Fund Dinner. The dinner is sponsored by the Detroit Branch. Rev. Anthony is the creator of the Take Your Souls (Soles) To The Polls voter education and mobilization program. This program was launched in 1999. It is now a nationwide initiative. Rev. Anthony founded the Fannie Lou Hamer Political Action Committee, a 501c4 organization in 1989. The PAC, named for famed civil rights leader Fannie Lou Hamer, is dedicated to support issues and candidates that have a concern for the rejected and the overlooked in the political process. It is an organization focused on local, state/federal issues and political campaigns that improve the quality of community life.

He is the recipient of numerous awards locally and nationally. He is also a member of the board of directors for organizations both statewide and nationally based.
