

C.E.S.S.A Parent Consent Form

Here at Colorful Effects Social Service Agency, LLC we believe students learn through hands-on experience and oftentimes we will be taking field trips to a variety of educational locations that will give students great opportunities to learn.

Down below you will find the consent form for future trips that will take place outside of our facility. We will send home notifications when these outside experiences occur. By signing down below, give your child permission to partake in these wonderful experiences.
