

## Bottle Blending Day Camp!

Presented by: Judd's Hill Winery - Napa Valley

Visit one of Napa's most popular boutique wineries for a blending and tasting experience like no other!

During the Judd's Hill Winery Bottle Blending Day Camp, blending guides will lead your group through a personal tasting, education and blending session. Participants work with the members of their blending team, under the guidance of our expert blending staff, to create their "Master Blend" for judging.

Once a winning blend is chosen, the entire group will move into the cellar where each participant will bottle, cork, label and capsule their own bottle of the winning blend to take home that day! Lunch from Napa's popular Soda Canyon Deli is included\*.
