

President's Message

Well, it's hard to know what to say. Omicron drags on. We have had to cancel, yet again. But Francis keeps coming through with ideas. His chowder, his lobster plate and support has been great.

As we move into spring and, hopefully, less virus anxiety, we can look forward to new events and the renewal of others. We're thinking tours, picnics, BBQs, dinners, cannabis parties..... well maybe not the latter, unless you really want to. Stay safe and look after each other for a little longer. See you all soon.

Message from the Club Manager

You can see that we are now beginning to fill in dates with lots of things. We are now busy as ever trying to find things to do, while keeping everyone safe. It sure does look like things are changing for the better, as we all learn to live with COVID-19, and I do mean "live" with it! You should have already seen my e-mail on what is on for the spring (or for those who get hard copies, it will be printed and attached with this).

We do these events for you, so I hope you will feel safe enough to participate. As we move forward, we do have lots of exciting plans for summer and beyond. However, we are always open to hearing from you. Do you have any ideas that you know the Club would love? By all means, let me know.

Stay well, my friends!

Francis Perry

February Event Virtual Whisky Tasting

On Saturday February 5, a great virtual (Zoom) whisky tasting took place, with a total of 14 people. Frank Scott and Pierre Mullin (presenters) lead the tasting. Frank advised the participants that two of the whiskies were no longer available, and none of the participants had ever tasted four of the other whiskies. Naturally, Teacher's

is a very common whisky, which was used as the cool down. Three of the participants, Josh's father, mother, and sister, took part from London, ON. Everyone enjoyed the tasting and the various stories which accompanied each whisky, provided by Frank and Pierre. A big thank you was extended to both for their expertise. Hopefully, the whisky tasting could become a regular winter and fall event for the Club. Thank you to George Filliter for hosting and managing the Zoom presentation. The unique selections ranged from rare to non-existent* – almost; you can still wander into The Lunar Rogue and order up a dram or two.
