ENVIRO CHEM® Carpet & Upholstery Cleaner

851 Progress Court Oakville, Ontario L6J 5A8
905-847-3000 Fax 905-847-1675

ENVIRONMENTAL & SAFETY BENEFITS

- Nontoxic (aquatic & human)
- Phosphate Free
- Biodegradable*
- Non-Corrosive
- Contains No Hazardous Ingredients**
- No Glycol Ethers
- Non-Alkaline
- Made Using Renewable Resources

DILUTION RATIOS

Extraction Cleaning – Carpet and Upholstery:
125 ml (1:32) per 4 litres of water

Spin Bonnet Cleaning:

Dilute 250 ml (1:16) per 4 litres of water.

Upholstery and Fabric Cleaning:

Dilute 125 ml to 185 ml per 4 litres of water depending upon the fabric type and soil condition. Dilute with water from the cold tap.

DIRECTIONS FOR USE

Extraction Cleaning of Carpets and Upholstery:
Measure the proper amount of Enviro Chem Carpet Cleaner and add directly into the machine's clean solution tank after the water has been added.

Spin Bonnet Cleaning:

Dilute 8 oz. Enviro Chem Carpet Cleaner per gallon of water used and apply to the area to be cleaned, using a garden-type pressure sprayer. Allow the Carpet Cleaning solution to penetrate for 5 to 10 minutes. Dampen a circular yarn pad with clear water and wring to damp dry. Center the pad beneath a floor machine and scrub the carpet. Turn the pad over and scrub again at right angles to previous scrubbing.

The pad should be rinsed and wrung out frequently in cold water during the scrubbing operation to facilitate complete removal of loosened soil. Allow the cleaned area to dry before traffic is resumed. Use extreme caution, as adjacent hard floor surfaces may be slippery while carpet is wet. Utilize matting dry feet and place Wet Floor signs in the area.

Upholstery and Fabric Cleaning:

CAUTION: Check fabric for color-fastness before using.
Apply solution using a soft bristle brush, sponge, cloth or appropriate power equipment. Remove excess moisture, using a wet vacuum or clean dry toweling.
Allow to dry thoroughly before putting back into service.

PRODUCT PERFORMANCE CHARACTERISTICS

A versatile, highly concentrated solution that cleans, brightens and deodorizes colorfast carpet, upholstery or other fabric. Perfect for extraction as well as spin bonnet cleaning. Uses Liquid Live Microorganisms to digest odor-causing substances. Continues to actively deodorize long after the cleaning process has been completed. Always use water from the cold tap for dilution.

TYPICAL PROPERTIES

pH	8.0 – 9.0
Specific Gravity	1.01
Weight per gallon	8.4 lbs
Color	Opaque White
Odor	Lemon
Clarity	Slight Haze
Sediment	None
VOC's (% by Weight)	0%

* As defined in 40CFR796.3200 EPA/TSCA

** As defined in OSHA 29CFR 1910.1200
