President's Message

It was great to see so many of you at the July meetings, both day and night, in-person and on Zoom. I've missed you all!

Unfortunately, for every one of us at the meetings, there is another Guild Member who wasn't there. If you are uncomfortable or unable to attend an in-person meeting, the Guild is providing you the ability to attend via Zoom using your computer, tablet or smart cell phone. If you are uncomfortable using Zoom, Barbara Linde, Coleen Ortiz and myself are available to help. Another option is to watch the Zoom meeting with a friend who is comfortable with Zoom.

In August, both the Day and Night meetings will be on Zoom only; but, come September we will have hybrid in-person/Zoom meetings again. All meetings will be at Hilton Baptist Church (101 Main St., Newport News) until further notice. We meet in the sanctuary. The Church has removed the pews and has chairs set up in small groups to provide some social distancing.

Hilton Baptist Church follows the State of Virginia guidelines in regards to masks: "If you have been vaccinated, you do not need to wear a mask." The PPQG Board has discussed this policy and agree that it is in the best interest of all our Members. Please abide by this guideline. We also encourage those who are more cautious and want to continue wearing masks may do so. We want everyone to feel comfortable coming to Guild meetings. If you have any questions or concerns, please come and talk directly with Karen Carr (Vice-President) or myself.

On another note, Joy Duke has stepped down as Day Coordinator. Mark Fowler has volunteered to take her place, but this leaves the position of Day Secretary open. If you are willing to be either the Day Coordinator or the Day Secretary, please contact me. We have a great group of people on the Board, and we would love to have you join us!

I look forward to seeing you in August! Happy Quilting! Rhonda

Two PPQG Members' Work accepted in Region Exhibition

Thirty-four member artists of SAQA (Studio Artists Quilt Associates), Virginia and North Carolina Region have submitted quilted works of art in response to a call for an exhibition themed, "Let the Sunshine In," sponsored by SAQA and the SAQA Virginia/North Carolina Region, according to Ann Flaherty, Exhibition Coordinator. "Our Juror had a tremendous pool from which to choose in creating this art show. Juror - Robin L. Haller, Associate Professor, Textile Design School of Art and Design, East Carolina University, selected 28 pieces for virtual and unperson exhibition from the 53 stellar entries. Among those were two members of PPQG, Sandy Curran and Jenny Ballou.

Sandy's - "Celebration," and Jenny's - "Sunshine in my Garden," will go on virtual gallery display soon with in-person gallery shows in the near future. Congratulations to these quilt artists.

Most of the items you are seeing in the Newsletters can also be seen on the Guild's Website (ppqg.org). The main exceptions to these are the Treasurer's Report and the Minutes from Day and Night Meetings. Please visit the website; it is filled with lots of information about your Guild, Events and other information.

You've found your perfect project and come through an exciting pairing of colors and patterns. Your pieces are cut so perfectly, you don't even need to true the edges! So far, so good, right? What comes next can be a little tricky - picking just the right thread or more appropriately - the right needle and thread pairing.

We know that thread comes in different sizes, but those vary from manufacturers across the brands. Generally, the larger the number, the thinner the thread. Different threads also have different twists and materials; so, depending on the project, it could be critical to know what you're using. Polyester thread on a microwave bowl cozy could spell disaster! Try running different threads between two pinched fingernails and you'll feel the "slub" or how bumpy it is. Those bumps are little pieces of fiber that are running through your machine, through the needle eye and into your fabric. It's also the reason it's a good idea to have your machine professionally serviced so those fibers can be removed from areas you can't get to with the covers installed.

Needles deliver the thread and in concert with the bobbin and hook assembly, move many times through the needle eye for each stitch. Needle sizing is opposite the thread - the bigger the number, the bigger the needle, and typically the bigger the needle's eye. Thread has to pass through the needle with some space to keep it from being constricted, but too small an eye increases the thread friction whereas too large an eye lets it move too much. For those with an automatic or manual needle threader, there is a minimum needle eye size and if you try to thread one that's too small, it will not work.

Getting a great stitch starts with quality thread matched with the proper needle for the type of material and the proper machine settings for the stitch type and fabric. Sounds complicated, but do some practice sew outs on scraps of the same fabric to check your combinations and machine setup. If you still need help, the Bernina blog, www.WeAllSew.com has a great article, "How to Pair Thread Weight with Needle Size." And if all else fails, visit your favorite quilt or sewing shop for some free advice.

PPQG Program Speakers 2021 by Barbara Linde

The Program Committee has been hard at work contacting speakers for our 2021 and 2022 meetings. Many thanks to our team: Karen Carr, Kitty Tully, Mark Meadows, Coleen Ortiz, and Rhonda Gianturco. Thanks to Joy, Susan, Lois, and Carol Richardson (and anyone I accidentally forgot) for giving us additional suggestions and contacts.

Here are some highlights for you. More details will follow closer to each meeting.

The Program Committee is excited to host Ginger Sheehy Tatic for the Night Meeting on Aug. 10. Ginger is an executive producer with Fons & Porter Love of Quilting and co-host (with Tracey Mooney and Lori Baker) of the Quilt and Tell podcast, where she shares her enthusiasm for quilting. Although Ginger considers herself a newish quilter, she has worked and learned from the best! She will share her journey to quilting with us, along with some inside info on producing workshops and podcasts, tips and tricks she's learned from the pros, and a look at some of her quilts and quilts-in-progress. Hope everyone can join us for this fun presentation!

Looking ahead... At the October Night Meeting, we will be joined by Karen Brown of Just Get It Done Quilts! Karen has been our most requested speaker and we are thrilled to have her! Mark your calendars for Oct.12!

Friday, Aug. 13, 10 a.m.-Noon Zoom Only

Talk by Quilts for Kids Director (James Hopkins) and Manager (Ravina Kaur): James and Ravina spoke with us at the June night meeting. They'll be back with a new presentation this time. They were hoping to meet with us in person, since they're now in Lynchburg, but due to scheduling issues, PPQG had to move this meeting to Zoom only.

James and Ravina will give a 45-minute PowerPoint & video presentation that gives a quick overview of the project (for people who did not attend the previous call) and will then focus primarily on the quilt-making traditions & methods of their community. They will discuss design, materials, tool & stitching techniques, and will show slides and video clips that demonstrate these skills and how they are evolving. The talk will also highlight the increasingly powerful role that girls & women now hold in their Kathmandu community as a result of their quilt-making skills. After the presentation, the final 15 minutes are reserved for Question & Answer.

James brought many quilts with him from Kathmandu, and they are available for purchase. After the Q&A, he will have a slide show of the quilts, so you can make your choice. Barbara will have the quilts at her house and can arrange for pick up and delivery.

Check out the Quilts4Kids website for more information. <https://quiltsforkidsproject.com>.

Tuesday, Sept.14, Night Meeting, Hybrid

Our very own Lois Bates will talk about "Estate Planning for Quilters."

Tuesday, Nov. 9, Night Meeting, Hybrid

Cheryl Sleboda, a genius with texture, textiles, technology, and teaching, will join us live via Zoom to present "Not Your Grandmother's Quilt." Here's what she says: "I'm not your grandmother's quilter. I like vintage linens and heirloom sewing, but I also like light up technology and high tech gadgets. I make every kind of quilt, from traditional, to art, to modern. Enjoy my hilarious take on how being a little weird can make you a better quilter. Enjoy a one hour Powerpoint presentation, including my award winning quilts as a mini trunk show."

Friday, Nov. 12, Day Meeting, Hybrid

Cheryl Sleboda will return live via Zoom for "Working Weekly. "What's the most commonly asked question of me when I make a tiny quilt? "What are you going to do with it?" Follow my journey as an art quilter and hear the answers I have to that question! Find out how working weekly and working small can help you define your artistic vision and make you a better quilter. Enjoy a one hour Powerpoint presentation to see the small quilts with big detail and then view the quilts actual size in a literal "mini" trunk show."

Saturday, Nov. 12, Workshop, venue TBD

Cheryl will lead us live via Zoom in a day-long workshop, "Heirloom Sewing for Modern Quilters. Details about our meeting space and the cost will be out soon.

"Learn how to make textures by both hand and machine in this fun full day class! You'll learn smocking and circle gathers by hand, and then compliment them with gathers, pleats, and pintucks by machine. Whether you are a traditional, contemporary, art, or modern quilter, you can add a cutting edge, yet classic, look to your next project. Great for beginners and experienced sewists."

Check out her website, muppin.com for more information about her.

Tuesday Night, Dec. 7 and Friday Day, Dec, 10, Hybrid

Mark and Kitty will have some exciting reindeer games and other elfin escapades for us at our annual Christmas parties. Stay tuned for details.

Come join the Night Chapter in participating in “Medallion Quilt Extravaganza,” the Night Chapter Block of the Month. This medallion starts with a central star and each month we add more borders. The final size will be 54 inches square. This month we start with the central star. You will get to choose from two different star blocks, a feathered star block (Radiant Star) or a simpler pieced 5-patch star (Triangle Puzzle).

Instructions for making both stars are included. Each month I will either email or handout the following month’s instructions (except for August since PPQG will not be able to meet in person). As in the past, if you bring in your medallion to the Night meeting, you will get a chance to win a gift card. On the last month, when the tops are finished, bring in your top for a chance at a grand prize.

If you wish to join in as we merrily sew along, contact Gina Vivian at soonerrph@icloud.com. Cost is \$10, payable to PPQG.

1. You will need a computer, tablet, or smartphone with a speaker or headphones.
2. Check your device to make sure your volume is up. If you are using headphones or earbuds, make sure they are connected properly.
3. You **must** have the Zoom app from the APP Store to connect to an iPhone or an iPad. You will need to download this onto your device. It is free and the download only takes a few minutes. If you need help contact Barbara Linde (bmlquilt@gmail.com or 757-344-4653)

To join the PPQG Meeting via Zoom (videoconference)

1. You will receive an email for a Zoom PPQG meeting from Linda, Barbara, or Rhonda. Usually this email will arrive one day before the meeting. The notification will include a link to “**Join via computer,**” and also from an iPad, tablet, or smartphone.
2. At the start time of your meeting, click on the link in your invitation to on your device. After you join, it will prompt you to put in the password. The PPQG is using the password **quilt** for all Zoom meetings.

4. You may need to enter the **Meeting ID number** (also provided in your invitation) if using zoom app when prompted and then the password.

If you are having trouble hearing the meeting or connecting to meeting, **text** Barbara Linde 757-344-4653.

1. You are on a camera, so everyone else on the meeting can see everything you do. It’s okay to sip on a beverage, but if you need to eat a snack or a meal, please turn off your camera.
2. Everything behind you shows on the camera, so make that there’s nothing you don’t want everyone to see.

Everyone can hear all of your background noise. Please mute yourself when you come on, and stay muted unless there is a group discussion. Check to make sure there’s no TV, music or conversation.
