*The Everyday Wonder of the Body:
The ONE Body*

The body is a powerful tool for the Divine, manifesting whatever is imprinted in first cause. We can work both top-down (from mind to

body) and bottom-up (from body to mind) to experience the reciprocal relationship with God through the body. Your body is a communication device with your inner thoughts and God, use it. We can use our bodies to feel into the holy moment before us, becoming completely present to the here and now. Our bodies are more than containers walking our consciousness around, they are the exact point in space and time where we are pressed from limitless possibility into perfect and precise expression.
