Job assignment details on reverse side

KCS 3rd Sub Crew Assignment

On duty -	Time:	0600
	Location:	Sallisaw

Sallisaw Local Switcher

Run the Sallisaw Local switcher (may be run in multiple sections if easier, perhaps a north end section and a south end section). Assist Sallisaw Yardmaster/Engineer in setting up interchange blocks, run MP Van Buren Local when it arrives (switchlist and instructions north of Sallisaw near MP track).

You are qualified on the KCS 3rd Sub. Depending on traffic and engineer availability, you may be called on to run mainline trains on the KCS.

Marking up/Starting a run:

Select loco on throttle: dial up all 4 digits, then press "SEL".

Contact the Dispatcher:

Always start with "Train (your #) calling Dispatcher, over."
In your case, "Sallisaw local switcher calling Dispatcher, over."

Requesting control of dual control switches: "Sallisaw Local requests track and time at North Sallisaw" or other location.
