

K C Moan

G G7
Well, I thought I had heard that K C when she moan
C G G7
Thought I heard that K C when she moan
C G G7
Thought I heard that K C when she moan
D7 G
Well, she sound like she got a heavy load

Yes and when I get back on the K C road
When I get back on the K C road
When I get back on the K C road
Gonna love my woman like I never loved before

Well I thought I heard that K C whistle moan
Well I thought I heard that K C whistle moan
Well I thought I heard that K C whistle moan
Well she blow like my woman's on board

Went to the station looked out on the board
Went to the station looked out on the board
Went to the station looked out on the board
It read hard times here children, harder on down the road
