A Product of New Detergent **Technology Concentrated Heavy Duty Cleaner**

DfE 401 is part of a series of products specifically designed for the environment.

DfE 401 has been formulated to be safer for the product user, building occupants, and the environment when compared to traditional cleaning products. It cleans without the use of phosphates, glycol ether or strong alkalis. It is neutral in use dilution.

DfE 401 is specifically engineered to penetrate Rochester Midland's floor finishes (e.g. Thermo Gloss) without effecting the film structure.

DfE 401 can be applied with a mop or brush or through an automatic scrubber. It is a very versatile general purpose cleaner which cleans the widest range of soils when matched to the correct dilution. It excels in cleaning hard surfaces like concrete and stone floor through an automatic scrubber.

FEATURES

- Neutral at use dilution.
- Neutral pH
- Unique surfactant system.
- Free rinsing.
- Highly dilutable.
- Low sudsing.
- Biodegradable*.
- Contains no phosphates, nonyl phenol ethoxylates or butyl components.
- Deep scrubbing of soiled floor finishes. Holds CFIA Letter of Non Objection.
- Certified Kosher

ADVANTAGES

- Safer for users.
- Safe for all washable surfaces.
- Dries quickly.
- Leaves no film.
- Low use cost.
- Eliminates foam in recovery tank.
- Environmentally safe.
- Removes heavy soils without stripping.
- Safe for food contact surfaces when used as directed and rinsed with potable water after use.
- No hazardous components listed on the WHMIS Disclosure List.

FOR HANDLING AND PRECAUTIONARY INFORMATION, REFERENCE THE PRODUCT LABEL AND MATERIAL SAFETY DATA SHEET.

BENEFITS

- Reduced risk to product users.
- Versatile; can be used on a variety of surfaces.
- Less slip/falls.
- Quick and easy to use.
- Economical.
- Use in auto scrubbing.
- Satisfies environmental concerns including C.E.P.A.
- Neutral pH doesn't damage base coats or sealer.
- Confidence and flexibility of use.

Always use "wet floor signs."

Apply with a mop or brush or through an automatic floor scrubber. Mix only with water.

To remove light soils: dilute 32ml (1:125) per 4L of water.

For medium soils: 125ml (1:32) per 4L of water.

For heavy soils dilute: 750ml (1:5) per 4L of water. Mix only with water.

DIRECTIONS: DEEP SCRUBBING

Apply with a mop and bucket or through an automatic scrubber. Scrub finish with blue scrub pads until all visible soils are removed. Use doodle bug on the edges. Rinse the floor thoroughly and allow to dry before recoating.

Deep scrub applications: Dilute from 125 ml (1:32) to 256ml (1:16) per 4 litre depending on soil conditions.

For food contact use: After use, rinse food contact surfaces thoroughly with potable water.

TYPICAL PROPERTIES*

Odour	Mild detergent
Appearance	Clear white to light yellow liquid 0.992 - 1.002 6.5 - 7.5
Specific gravity	0.992 - 1.002
pH conc	6.5 - 7.5
Foam	Moderate
VOC%	None
Flashpoint	None

Test before long-term exposure to aluminum.

*These values represent typical properties only and are not to be construed as manufacturing specifications. 1 Calculated VOC and includes organic compounds with vapour pressure > 0.1 mm Hg at 20° C less exempt compounds.

Do not contaminate food, feed or potable water during use or storage of this product.

*As per Biodegradability Test Method 40CFR 796.3200
