

## GLOBEFORM ANALYSIS - BIG CAZANOVA

**BIG CAZANOVA**, a South American import, is a runner who often flashes sharp, early speed, so although he is not good enough to be around at the business end, whether he goes to post for the Classic is of interest. Bayern's trainer Bob Baffert would rather see him sitting this one out, while Christophe Clement, who handles Tonalist, would love to see Big Cazanovna run. The son of Giant's Causeway was beaten 15 lengths when seventh to Tonalist in the Jockey Club Gold Cup (G1).

Big Cazanovna would really light up the board if getting into the top four here. **Globeform 107**
