Purple Dream tulips stands 22-24 inches tall with large, chalice-like flowers with reflexed, pointed petals of deep purple with a hazy blue flush and a small ivory white base. May flowering. 5 bulbs/\$17.

Blue Jacket Hyacinths have large dark blue flowers with purple stripes on the florets midveins. Normally deer proof. These bulbs do not tolerate wet feet so plant in well-draining, neutral ph. soil in full sun. Height 8-12 inches. 3 bulbs/\$13.

Purple Sensation Allium stands 24-30 inches tall and has 4-5 inch wide violet-purple globes of starry florets on sturdy stems. Prefer full sun, are deer and rodent resistant and also naturalize. May-June flowering. 5 bulbs/\$18

Scilla or Wood Squill are both deer and rodent resistant and naturalize readily in areas of dappled shade and filtered light. The spring beauty Siberia bears up to 6 sky blue flowers on strong stems, standing 5 inches tall. Terrific naturalizer. 10 bulbs/\$21

Snow Crocus species mixture contains white, blue, yellow and violet bulbs, blooming in late March to early April. These are bee loved and deer resistant and will naturalize. 4 inches tall. 10 bulbs/\$15

Narcissi Garden Opera is a fragrant, multi-flowering Jonquilla which has golden yellow petals with a darker bowl-shaped corona. They stand 12-14 inches tall and are great for naturalizing and are deer resistant. Divide overcrowded clumps in early autumn. 5 bulbs/\$17
