

## FOUNDER'S VISION

**DEREK GOLEMBESKI**

I have been teaching German at the high school and college level for a decade and have taken many students to Europe during that time. My two main professional passions are travel and languages. There's no better combination to have when thinking about seeing the world. However, many people have hang-ups or anxiety when considering going to a foreign country. I've been to Germany over 10 times and even lived there during college, so being abroad is second nature for me. That's why I started a company, where I can use my passions and background to help others gain life experience through travel.

·**Tour manager** - Consider yourself covered from beginning to end. We arrive with all destinations and information in hand, so you can just relax and enjoy all you see.

·**Tour guide** - We have been there and we want to show you what we love about these regions. Use our knowledge to plan and have the best trip possible!

·**Translator** - Do not fear a language barrier in any detail of your trip! We can do the speaking for you or help you do it yourself! From restaurants to shops, we've got you taken care of!

·**Driver** - We handle the renting of the vehicle and all the driving to make the time as enjoyable as possible for you! That makes us the designated driver too, in case you want to sample the local refreshments.
