OCTOBER 2019

VALLEY COMMUNITY SERVICES BOARD

YOUTH PROGRAM

CHILDREN'S CRISIS SERVICES

ABOUT THE PROGRAM

If you or your loved one has experienced a mental health crisis, you know the devastating effects it can have on the individual and family. We strive to help children remain safely in the community and link the family to needed assistance in establishing ongoing supports for the success of their loved one.

Children's Crisis Services (CCS) is a short-term, goal-oriented program that provides flexible hours to fit your family's schedule. After entering Children's Crisis Services, you and your child will work with CCS providers to develop a treatment plan outlining goals for services. CCS providers will offer support to you and your child to address the current crisis situation, as well as complete referrals for you and your child to receive ongoing supports after completion of Children's Crisis Services.

Welcome to Valley Community Service Board

HOW DO I GET A REFERRAL?

REFERRAL PROCESS

Children's Crisis Services is available for a short period of time following a screening and assessment session with you and your child to determine eligibility for service. If Children's Crisis Services is not found to be the most appropriate program for you and your child, the CCS provider will assist in helping your family determine the services available that would be most helpful.
