

## Middle East Weather

Generally, it is either hot or raining in this region. Weather is similar to Central California and can vary daily. Travelers are on/off cool buses and in/out of cool buildings all day so the warmer weather does not bother most people if they stay hydrated and dress appropriately.

TYPICAL WEATHER (can vary)	DAY (average) June	Night (average) June	Day/Night October/November
Egypt	89	69	-
Jordan	85	59	-
Israel	86	69 Jerusalem is always cooler at night.	77/58
Greece	85	69	-
