

KCS

Switch List for Marble City

Work Quarry and interchange cars with 3 trains at Marble City: Westville Dodger (WVD), #77, and #78.

SUGGESTION: Pull cars for #77 first, then run to Marble City to await interchange with WVD and #77 (WVD will have setouts, ONLY).

WVD visits twice: first to set out cars, later to pick up cars. All pickups and setouts by KCS are done from the Marble City House Track.

Always run locomotive first up or down the branch line: no long shove moves on branch. 10 MPH speed restriction. Pull into St. Clair Hold track when returning with cars from Marble City.

You'll need to use the second locomotive to pull those trailing cars and spot them to the loader tracks as per this switchlist.

Scheduled work for train (WVD) Westville Dodger

Departs Sallisaw at 09:00 expected arrival 09:18, arrives Northbound

Road	Number	Type	Color	Destination	SetOut	Msg
[] Set Out	SSW	77196	Hop Cov	Gray	13	Limestone Loader
