

## HEBE SKINCARE BLUE BIRD

### **Ultra Glow Facial Moisturiser (59ml, 2 oz)**

A truly revolutionary moisturiser. It is ideal for all skin types and all ages. Enriched with Anti-Oxidants, Vitamins, cell regenerating ingredients and a signature blend of ingredients to revitalize moisturise and protect your skin. and gives a mild clarifying effect thanks to its superior blend of selected ingredients. It works on many levels:

#### Moiturising:

It also contains hyaluronic acid which is known for it's water storing properties (retains up to 1000 times more water). This creates a film around the skin to prevent ageing and promote youthfulness and healthy looking skin.

#### Youth Boosting and Revitalsiiing:

It contains two peptides (Tetrapeptide Citruline ans Palmitol Tetrapeptide which acts at a cellular level to enhance the skins collagen production improving elasticity and firmness. Also walnut shell extract which is an excellent antidote against stretch marks and works against photo ageing and chronological ageing, quickly diminishing the appearance of fine lines.

#### Clarification of the complexion and blemish removal:

Regular use will help lifts blemishes and spots, including liver and age spots through our siggnature blend of brightening ingredients such as bearberry extract, licorice, arbutin, and kojic acid. Repair of damaged skin and prevention of further damage: This elegant moisturiser also contains antioxidants which help to repair the damage of free radicals whether environmental or otherwise. It contains Anti oxidants Vitamins, A and E , aloe allantoin, sacharide isomearate, greentea and walnut shell extract.
