

July 2 – July 5, 2020

Message from the Atlanta Hilton Airport regarding A Little Girl Grows Up:

We understand that there are a lot of questions regarding health and safety measures hotels are taking in light of the current concern over the COVID 19 disease. Please note that some of the immediate measure we have taken are listed below and we will continue to monitor and be proactive as we learn more about this disease.

- Place hand sanitizer in all public areas and ensure all public restrooms have an antibacterial soap throughout the hotel.
- Posted handwashing signage in 3 different languages.
- Posted signs requesting guests wipe down fitness center equipment before and after use on the door to the gym.
- Provide anti-bacterial wipes at the front desk (or cleaning supply with cloths).
- Mandate Gloves are being worn by any staff handling food and beverage items.
- We have communicated internally to our teams the proper sanitization and hygiene protocols (i.e. hand washing for 20 seconds, tissues thrown in trash, stay home if sick).
- Continue to monitor and ensure sure all of your water temps are heating appropriately in our kitchens/dish rooms.
- Increased frequency of public area cleaning with additional focus on commonly handled areas (i.e. elevator buttons, door handles, house phones, etc.).
- Continue to use a peroxide disinfectant that our chemical provider recommends on all furniture, remotes, phones, toilet sink handles and door handles when each and every room is being cleaned.
- Housekeeping team have been provided hand sanitizers, masks and gloves on their carts to ensure they are always used when cleaning guest rooms.
