Wearpower Canvas Blend

- Our new version of Wearpower poly/cotton blend canvas is even stronger than before. We're using a tighter weave in all our fabric gloves. It wears better and looks better!

Wearpower Jersey Blend

- Our Wearpower poly/cotton blend jersey fabric has been ASTM tested to show it outperforms equal weight 100% cotton jersey 3 to 1 in tensile strength. Tensile strength means better seam strength, the most common jersey glove failure.

Washable Leather

- Can be machine washed and tumble dried without significant shrinkage or becoming stiff and uncomfortable. In fact, they become softer with every wash. See styles 1029, 1143.

Hob Nob Dots

- Working in the garden should be fun! With our Hob Nob PVC dots providing excellent grip, you can handle tools, plants and accessories more easily. See styles 818, 925, 926, 935.

Garden Tips

- We sew an extra layer of fabric on the inside of the fingertips to add extra wear on selected styles of fabric gloves. See styles 907, 925, 926, 929.

Great Grip

- These gloves are precurved to fit the hand naturally providing great dexterity. It also reduces hand fatigue. See styles 536, 537.

Slimfit Design

- The unique personal fit of the Slimfit design creates a much more comfortable glove. They fit the hand better providing excellent dexterity which makes gardening more enjoyable and easier. See styles 818, 907, 1775.

RoseTender

- These gloves are the ultimate rose tending gloves. See styles 534, 1783, 1784.

#1 Selling Wet & Muddy Glove

- These gloves are our #1 selling gloves for wet and muddy conditions. See style 537.

#1 Selling Leather Glove

- These gloves are our #1 selling gloves. They're made of soft suede leather and are machine washable. See style 1029.
