## PRESIDENT'S REPORT

**Hi Folks,**

**This is the first report for 2016, a year which could be a great one for the club.**

**Our Junior member numbers are on the rise, with many showing promise of being great things to come in the future. As anyone knows the future of any club is to replace the fallout of older members with new blood, to this end we may have to change our brand of country music and our well entrenched ideas of how we treat the new wave of singers and the technical changes that are sweeping the music industry.**

**I just ask the members of the club to be ac-**

**commodating to the younger talent coming through and the changes that this may bring.**

**The band has gelled into a nice tight group and the practices and the playouts are getting to a good professional level so let's keep it up as you know we are in the business of entertaining, and the paying public deserve the best. Rod and myself as Entertainment Officers will insist on you practising the songs that you sing at playouts to keep a high standard.**

**OK five weeks left to the Bundy Easter Roundup, so if you are competing as an artist you should be well into your preparation.**

**If you are using the band in the competition please come to practise and make use of the club band.**

**Competition this year WILL be strong. If the**

**number of hits the club Face Book site has been getting and the feedback I have been getting on my site is any indication, this year could be the biggest and strongest field of talent yet. To all competitors I wish the best of luck, have fun and meet the people. People you meet at these events are contacts that can help you in the future.**
