# 2022 CLINIC HOSTING

## Lesson Clinics

Lesson clinics are composed of private and semi-private lessons. Sommer Strides receives \$65/person for private lessons and \$45/person for semi-private lessons (no more than 3 riders/handlers per lesson). Lessons will be approximately 1 hour long. The maximum of lessons scheduled per day is 8 with a minimum of ½ hour break for lunch. The host is responsible for scheduling riders and times as well as handling all paperwork and payment collection.

Lesson clinics can offer your participants more specific hands-on attention. The lesson can cater to the individual's personal experience level and then focus on specific issues or goals they may have. Most participants find this method more directly effective.

## Group Clinics

Group clinics are composed of group sessions. Sommer Strides will receive \$105/person per day with a minimum of 6 participants and a maximum of 12. The host is responsible for scheduling riders and times as well as handling all paperwork and payment collection.

Group clinics are great when you have a group of participants seeking to learn about a similar topic. It's usually helpful to have every one of the same level but most of the time, the clinic is created to cater to the variety of horses and individuals.

## Auditors

Auditors are welcome to attend in any clinic lesson format. Sommer Strides will receive \$20/person. The host is responsible for payment collection.

## Lectures and Unmounted Clinics

Sommer Strides also offers the option for lectures and unmounted clinics. You may choose to schedule a lecture in addition to a clinic, the topic may or may not be related. Prices will vary by topic, please contact Amanda to discuss requirements and fees.

## Travel Fees

Facilities located within 100 miles of N5863 County Road I Fredonia, WI 53021 will be charged a flat \$40 travel fee. Facilities located more than 100 miles will be charged \$1/mile. (Example: If location of the clinic is 150 miles away, a \$150 travel fee will be charged)
